# 2010 WEBER® GRILLS

On behalf of Weber-Stephen Products Co., I want to express our sincere and heartfelt appreciation to you for your dedication, commitment and above all, loyalty this past year. As consumers rely more on trusted brands during challenging times, we rely on you as retail ambassadors for Weber. This past year, you did not let us down.

Since 1952, when our founder, George Stephen, introduced the Weber® kettle to American backyards, we have always believed that quality must be the key driver of our business. Each and every outdoor grill that we introduce to the marketplace is manufactured with precise, intricate detail. Whether passionate about charcoal or gas, stand-up or portable, we expect every consumer's experience to be inspirational. With this in mind, we relentlessly challenge ourselves to continuously earn their trust.

Now, it is our privilege to present you with our 2010 product offering. You will, of course, find our popular gas grills like Genesis®, Summit®, and Weber® Q®. Furthermore, and in response to America's renewed interest in charcoal grilling, we proudly introduce our One-Touch® Platinum Charcoal Grill. Responses from our consumer trials have been exceptional! Additionally, one of our most exclusive charcoal grills, the Performer®, has been redesigned so that its styling parallels its exceptional performance.

We are also continuing our progression into barbecue accessories. As more grilling enthusiasts become adventurous, they will be able to enjoy new products like our Pizza Stone, Wood-Burning Fireplace, or our fashionable Weber Style™ accessories.

In reviewing our entire product assortment, we hope you share our enthusiasm and optimism for the 2010 grilling season. We will continue to rely on you and you can surely continue to rely on us.

With sincere appreciation,

A handwritten signature in black ink, reading "Dale Wytiaz".

Dale Wytiaz  
Executive Vice-President, Sales
