

weber[®] GAS BARBECUE KETTLES

weber®

The new Weber Gas Barbeque Kettles are offered in the same tradition of quality and versatility that identified the Weber Charcoal Barbeque Kettles.

The Gas Kettles add speed and convenience yet retain the important features that marked the Weber Charcoal Kettles as the standard of excellence.

Three colors are available—Black, Red, Green. For lasting beauty these colors are fused on heavy gauge steel in durable porcelain enamel finish.

Two methods of cooking are featured: Direct and Indirect. A

simple finger touch knob adjustment provides the selection.

Direct for steaks, chops, hamburgers, flat foods, etc.

Indirect for whole meats—hams, fowl, roasts, etc.

Because of the Kettle contour cooking is performed by reflected heat and juices and flavors are cooked in—not out.

Both the control post and the base are heavy steel for durability and stability.
