weber®

It's great outdoors.

ONLY WEBER
PERFORMS
AS WELL
ON THE
SALES FLOOR
AS IT DOES
IN THE
GREAT
OUTDOORS.

A little Weber goes a long way.

ANYWHERE® GRILLS
If you are our Go-Anywhere Grills the
best, it's not because they're the
most durable Weber grills, but because
they appeal to so many people.

Sure the Smokey Joe® Grill fits a limited budget, but it's also favored as a second grill for higher income families. Urban professionals choose the Smokey Joe Tuck-N-Carry™ Grill to meet their demand for quality and space. And across America you'll see outdoor enthusiasts using our Charcoal and Gas Go-Anywhere Grills because they're the best in their class.

Let us help you tailor your Weber® Go-Anywhere lineup to meet the needs of your most important customers.

SMOKEY JOE® GRILL

The best-selling Weber® grill is durable and rust-resistant. It has removable legs, bowl and lid with porcelain-on-steel finish inside and out, heavy, bright nickel-plated cooking grill, and a five-year limited warranty. Full-color carton. 14½ inch diameter, 18¼ inches high. 150 square inches of cooking area. Jet Black. #10001

SMOKEY JOE TUCK-N-CARRY™ GRILL

The premium version of the classic Smokey Joe Grill. This feature-enhanced grill comes with a zinc-plated lid lock (patent pending) which holds the top on while carrying, and lowers to serve as a convenient lid holder.

Lid and bowl are made of heavy-gauge steel sealed with porcelain to prevent rust, fading and burning. Legs are zinc-plated steel. The grill is backed by a 5-year limited warranty. 14½ inch diameter, 16¾ inches tall. 150 square inches of cooking surface. Jet Black. #40001

CHARCOAL GO-ANYWHERE® GRILL

A popular charcoal grill for any tight space. Legs fold to lock cover in place for easy carrying and space-saving storage.

Solidly engineered, with no nuts or bolts to rust. Heavy, bright nickel-plated cooking grill with 160 square inches of cooking area and a rust-resistant air damper system. Five-year limited warranty. Full-color carton. Jet Black. #121001

Gas Go-Anywhere Grill

FLAVOR WITHOUT FLARE-UPS

The revolutionary Weber Flavorizer® System virtually eliminates flare-ups because it works without grease-collecting lava rocks. Instead, juices and fats fall onto the hot porcelainized Flavorizer Bar just long enough to vaporize, creating a deep-down barbecue flavor.

STABILITY IS TRULY OUTSTANDING

The grill is easy to carry around. The porcelainized legs pivot up and lock the top in place. Carry it with one hand on the handle.

GAS GO-ANYWHERE GRILL

Now with the exclusive Weber Flavorizer System (patent #4,627,408), plus a convenient push-button ignitor.

Legs fold up to lock cover in place for easy carrying and storage. Porcelain-on-steel finish inside and out. Heavy, bright nickel-plated 160 square inch cooking grill.

Uses disposable L.P. cylinders, or can be adapted to refillable tanks (Hose Adaptor #871015). Full-color carton. Tank not included. Jet Black. #1530

The barbecue grills that started it all

DIRECT COOKING

Place burgers, steaks or chops over a single layer of coals, which produces a perfect broiling temperature in any size Weber grill. Cook with the lid on for moister, more flavorful food, faster cooking, and to prevent flare-ups.

WEBER® CHARCOAL GRILLS

Recent research indicates that just one kind of Weber kettle isn't enough to meet consumer demand. So in 1989 we introduced our good-better-best lineup of kettle grills to appeal to a broader range of lifestyles and budgets.

From the Bar-B-Kettle™ Grill for first time buyers, to the One-Touch® Plus™ Kettle for charcoal grill fanatics, each features the now trademarked, classic kettle shape and the quality that's built a world-wide reputation.

With award-winning packaging and national advertising support, you'll want to stock the right selection for your customers.

INDIRECT COOKING

Place charcoal on either side of a drip pan in position turkeys, hams and roasts over the pan. Meat drippings will fall into the pan, producing very little smoke. Cooking with the lid on holds the heat in, and the air burning through the bottom vents is heated and circulated around the meat, increasing the speed of a convection oven.

THE BAR-B-KE

This is the "good" best lineup. The unique shape that says Weber cooking capability. So bowl and lid are porcelain resist rusting, burning the cooking grill is a bright nickel-plated by a one-year limited free cookbook.

Jet Black

It's great outdoors.

THE BAR-B-KETTLE™ GRILL

This is the "good" in our good, better, best lineup. The unique, trademarked shape that says Weber. Direct or indirect cooking capability. Solid construction: bowl and lid are porcelain-on-steel to resist rusting, burning or staining, while the cooking grill is rust-resistant heavy, bright nickel-plated steel. And it's backed by a one-year limited warranty. Includes free cookbook.

TWO SIZES

The original 22½ inch size offers 397 square inches of grill area, big enough for turkeys, platters of steak or chicken, and vegetables. The smaller 18½ inch size offers a spacious 269 square inches of cooking area. Both come with our free cookbook. Packed in a two-color carton.

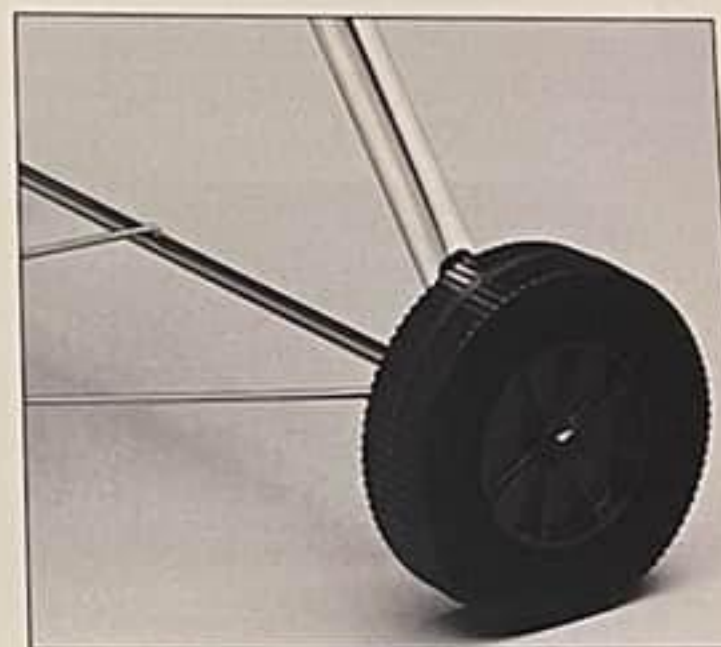

MANUALLY CONTROLLED VENTS

There is one vent on the lid and three vents on the bottom of the bowl. All are made of no-rust, durable aluminum and are manually controlled. Close all vents to extinguish fire and save charcoal.

Jet Black 18½" #1101
22½" #1102

WHEELS FOR PORTABILITY

Wheels are weather-resistant. The heavy, bright nickel-plated bottom brace serves as added support.

AMERICA'S FAVORITE. THE ONE-TOUCH® KETTLE

This is the "better" in our good, better, best lineup. This classic bestseller stays at the top thanks to the patented One-Touch System and our patented ash catcher. The bowl and lid are made of heavy-gauge steel sealed with rust-resistant porcelain enamel, standing on no-rust aluminum legs and rugged wheels crackproof to -40 degrees F.

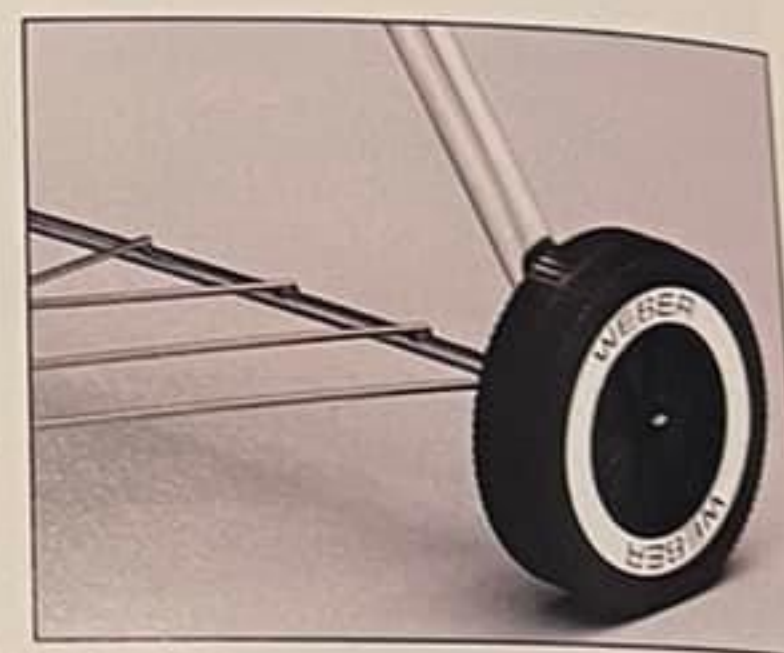

TWO SIZES

The original 22½ inch size offers 397 square inches of grill area, big enough for turkeys, platters of steak or chicken, and vegetables, while the smaller 18½ inch size offers a spacious 269 square inches of cooking area. Both come with our free cookbook. Packed in a full-color carton.

EXCLUSIVE ONE-TOUCH SYSTEM FOR EASY CLEANING

Only Weber has the One-Touch System. Moving one lever adjusts all three bottom vents and easily sweeps out ashes. The ash catcher simplifies disposal.

DURABLE WHEELS AND RACK

Rugged wheels, crackproof to -40 degrees F, stand up to the most extreme temperatures and are built to last a lifetime. Heavy, bright nickel-plated bottom rack serves as added support.

ONE-TOUCH® PLUS

This is the "best" in our best lineup. For customers ultimate in charcoal grills, Weber® One-Touch Plus Kettle.

In addition to the solid and features of the Weber Kettle, the One-Touch Plus Kettle has the Tuck-Away™ Lid Holder, Dual-Purpose Thermometer, and our Char-Basket™ Fire (patented) to make charcoal cooking easier than ever.

The 22½ inch grill offers 397 square inches of cooking area, big enough for turkeys, platters of steak or chicken, and vegetables. Packed in a full-color carton.

ONE-TOUCH PLUS KETTLE
EASY CLEANING
The One-Touch Plus Kettle has the One-Touch ash cleanup lever that easily sweeps out ashes, simplifying disposal.

WHEELS AND RACK
The One-Touch Plus Kettle is backproof to -40°F, the most extreme temperature it can withstand. The heavy-duty steel-plated bottom support.

ONE-TOUCH® PLUS™ KETTLE

This is the "best" in our good, better, best lineup. For customers who want the ultimate in charcoal grills, there is the Weber® One-Touch Plus Kettle.

In addition to the solid construction and features of the Weber One-Touch Kettle, the One-Touch Plus Kettle includes a Tuck-Away™ Lid Holder (patent pending), Dual-Purpose Thermometer (patented), and our Char-Basket™ Fuel Holders (patented) to make charcoal or wood cooking easier than ever before.

The 22½ inch grill offers a big 337 square inches of cooking area for turkeys, roasts or other large items with room to spare for vegetables. Packed in a fireproof box.

TUCK-AWAY LID

The first Weber kettle with a lid that stores away for convenience. Serves as a wind shield when lighting the grill.

CHAR-BASKET FUEL HOLDERS

Rugged coated steel fuel holders allow convenient indirect and concentrated direct cooking with wood or charcoal.

DUAL-PURPOSE THERMOMETER

Our Dual-Purpose Thermometer allows you to read the cooking temperature inside the grill — or use the probe to easily check the doneness of food.

Red #94001

Blue #95001

Chocolate #99001

The Ranch™ Kettle. Big enough to cook 19 whole chickens, plus vegetables.

THE RANCH™ KETTLE

With nearly eight square feet — 1104 square inches — of cooking space, The Ranch Kettle is a giant-sized kettle suited for big groups. It's 37½ inches across, 27 inches high, and features the same solid construction and direct and indirect cooking capability as all Weber grills. Jet black. #60001

The 26¼ inch kettle, easily handles two turkeys and potatoes.

26¼ INCH KETTLE

For large parties or smaller groups, this kettle is the right size. It features the exclusive convenience of our patented *cleaning/venting* system and our patented *catcher* design for easy ash disposal. 32 inches high. Jet black. #81001

The Smokey Mountain Cooker Smoker is packed in a heavy-duty vinyl cover.

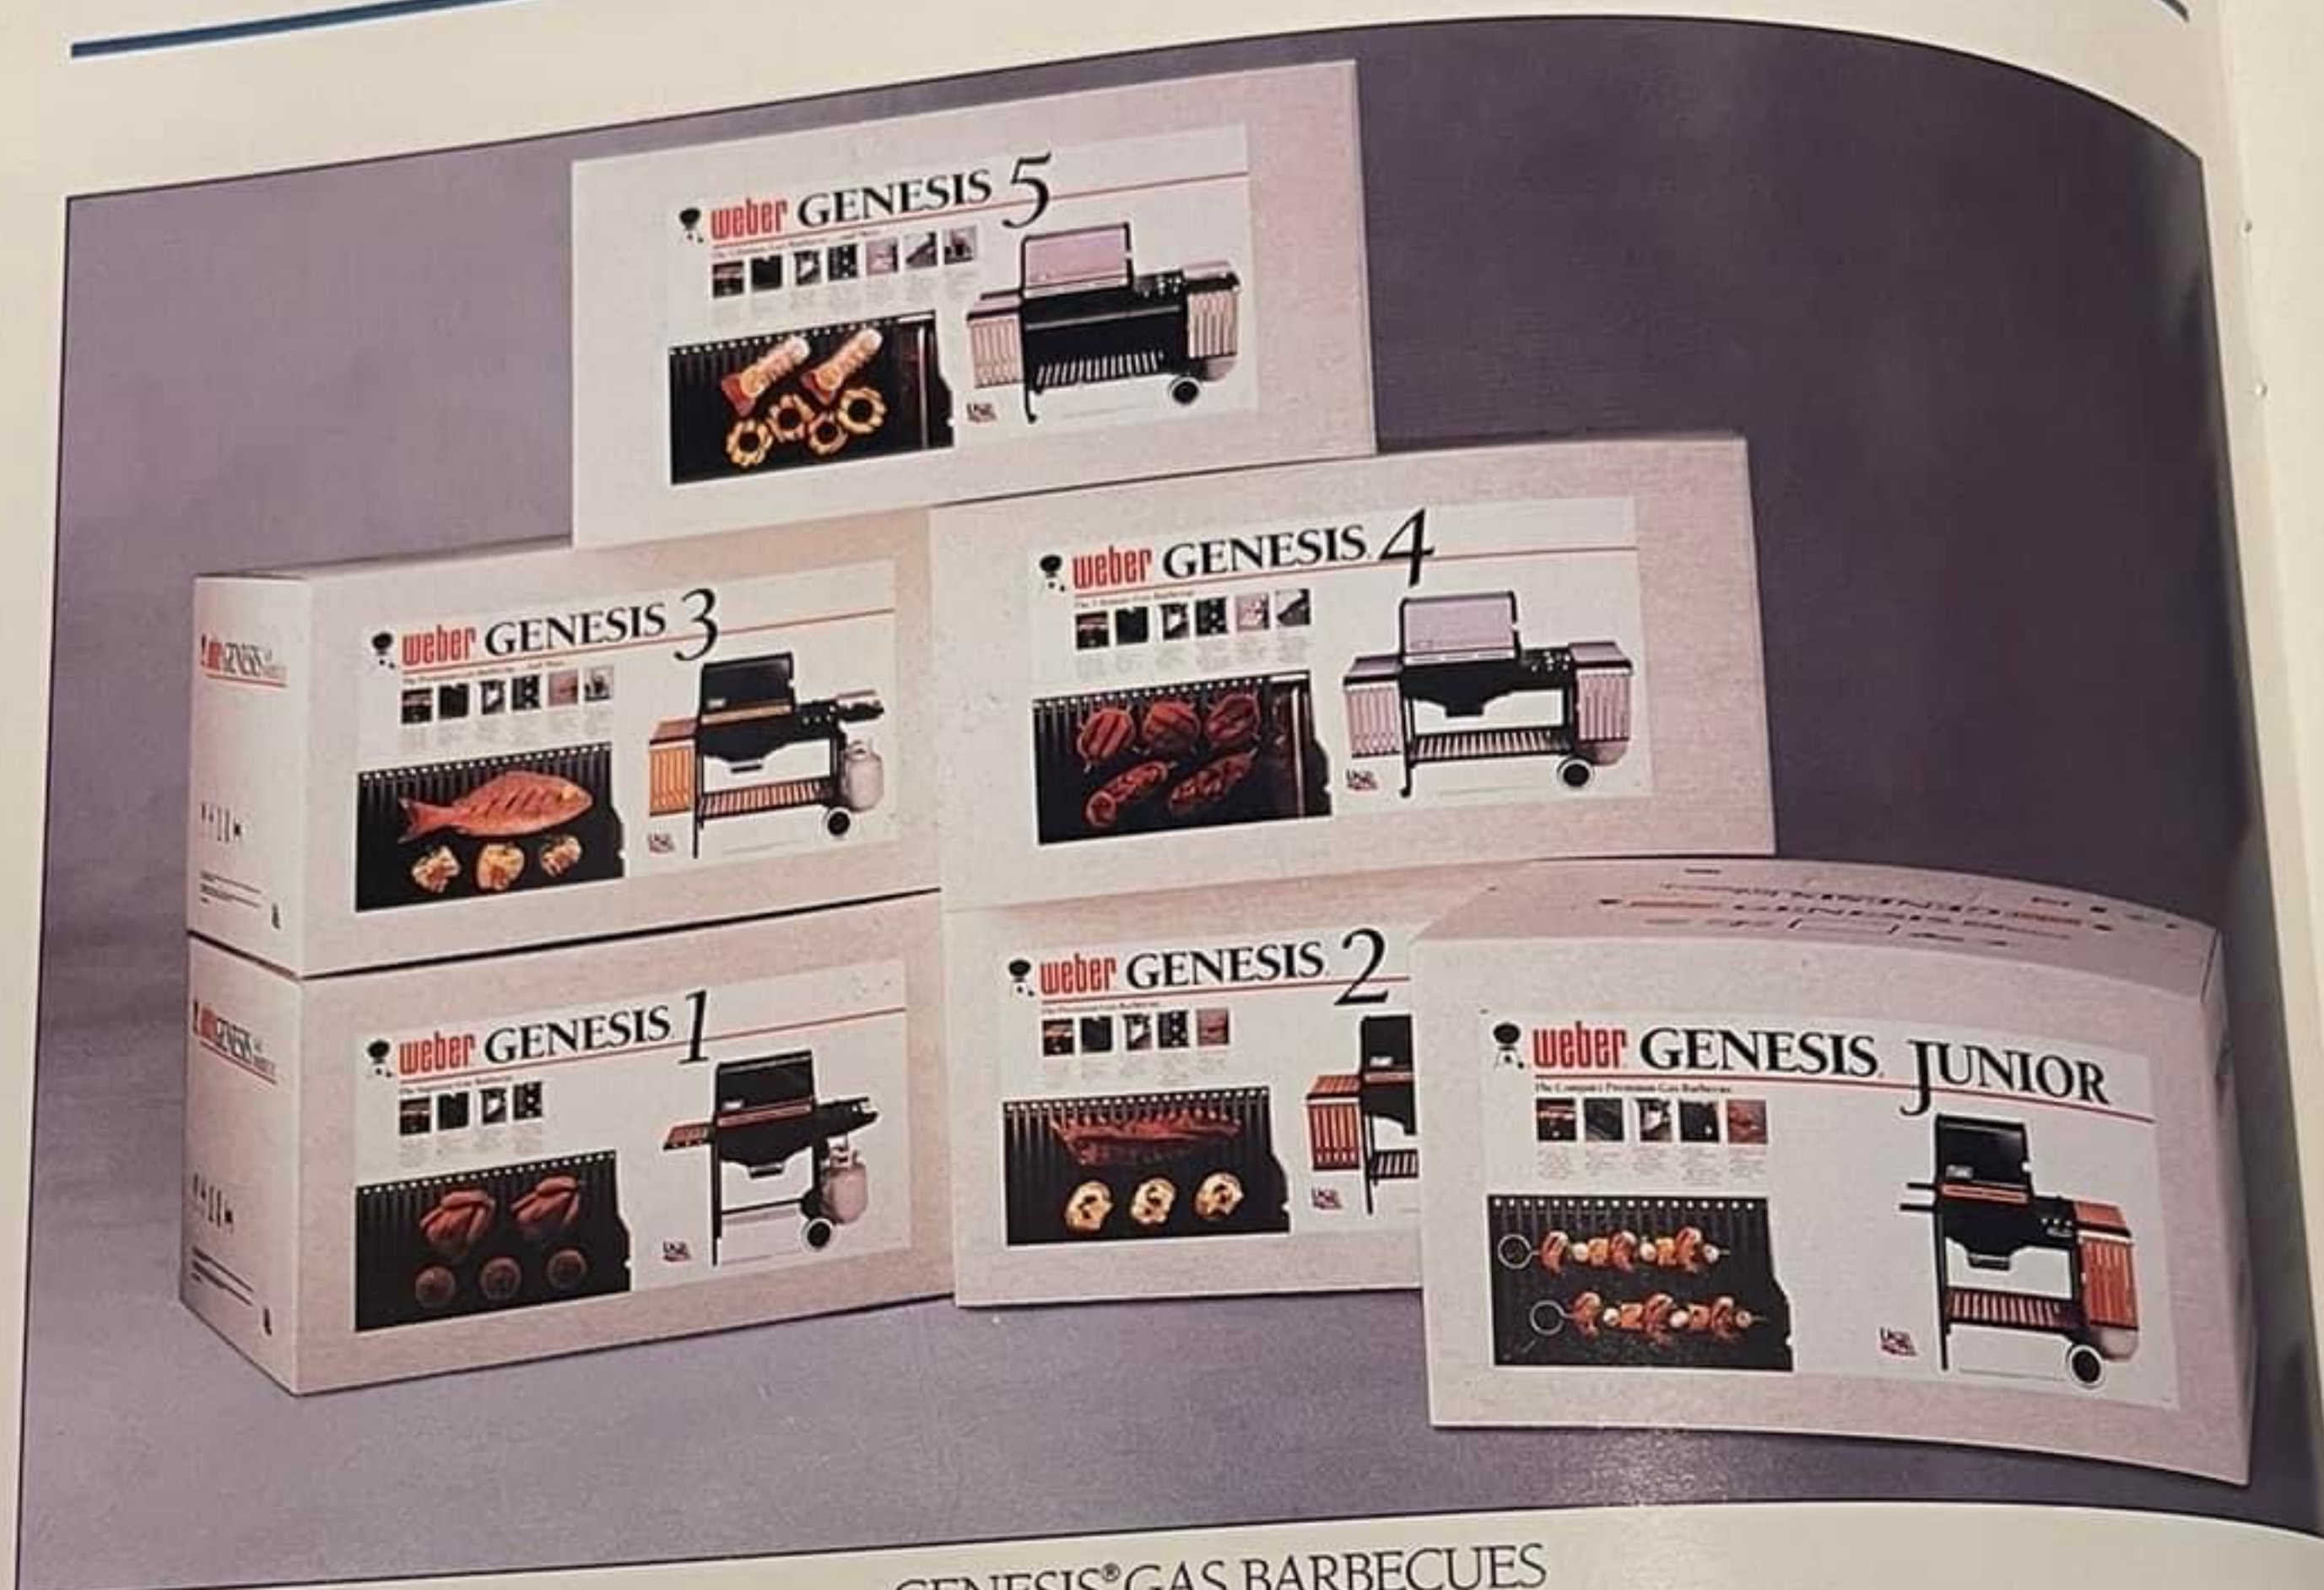

SMOKEY MOUNTAIN COOKER™ SMOKER

The Smokey Mountain Cooker Smoker is made of heavy-gauge steel sealed inside and out with rust-resistant black porcelain enamel that won't rust, burn or stain. Two heavy, bright nickel-plated 18½ inch diameter cooking grills provide ample room for smoking a turkey and ham at the same time. There's also a solid wood handle, a porcelain-on-steel water pan, and a rust-resistant aluminum fuel door for added convenience. Packed with a heavy-duty vinyl cover.

Best of all, this durable product is backed by our five-year limited warranty. The Weber® Smokey Mountain Cooker Smoker. The most expensive smoker on the market...and worth it. 18½ inch diameter. Jet black. #2890

The biggest advance in barbecues since the Weber® Kettle.

GENESIS® GAS BARBECUES

Back in the 80's, research told us a growing group of educated consumers were dissatisfied with the poor performance and shoddy workmanship of ordinary gas grills. Already the leader in charcoal grills, we wanted to build a gas grill that lived up to the Weber name.

So we built the Genesis Gas Barbecue. Because of our reputation, it wouldn't sell, but it did, and it did after long record-breaking years. An ever-

growing number of retailers have cashed in on increased sales and profits generated by offering a selection of Genesis Gas Barbecues.

Now we've expanded the line to range from the compact, yet deluxe Genesis Jr. Gas Barbecue to the top of the line Genesis Gas Barbecue. With seven different models in L.P. and natural gas, in five lively colors, Weber Genesis Gas Barbecues can be merchandised year round as a category. Also

available in a permanent mount model, the Genesis Perma-Mount™ Gas Barbecue.

Give your upscale consumers what they expect and deserve. Not just one — a selection of Genesis Gas Barbecues from the name they know and trust. With national consumer advertising, award-winning packaging, and a 45-day money-back guarantee, it's a year-round money-maker that continues to pleasantly surprise the most skeptical of merchants.

VIRTUALLY ELIMINATES FLARE-UPS

Flare-ups? Not with the new Weber® Flavorizer® System. It virtually eliminates flare-ups by catching excess fat that falls onto the heat source. Flavorizer Bars just long enough to catch the fat and create genuine deep-sea flavor — without grease or lava rocks.

ACCURATE

gas models (not included) that the tank, no weight or run out

cues

VIRTUALLY ELIMINATE FLARE-UPS

Flare-ups? Not with the revolutionary Weber® Flavorizer® System (patented). It virtually eliminates flare-ups; juice and excess fat fall onto the heat-conducting Flavorizer Bars just long enough to vaporize and create genuine deep-down barbecue flavor—without grease-collecting lava rocks.

DIRECT COOKING

The choice of direct or indirect cooking is a Weber hallmark. For searing steaks, hamburgers and chops, choose direct cooking, which uses all of the burners. Cook with the lid on for moister, more flavorful food, faster cooking and to prevent flare-ups.

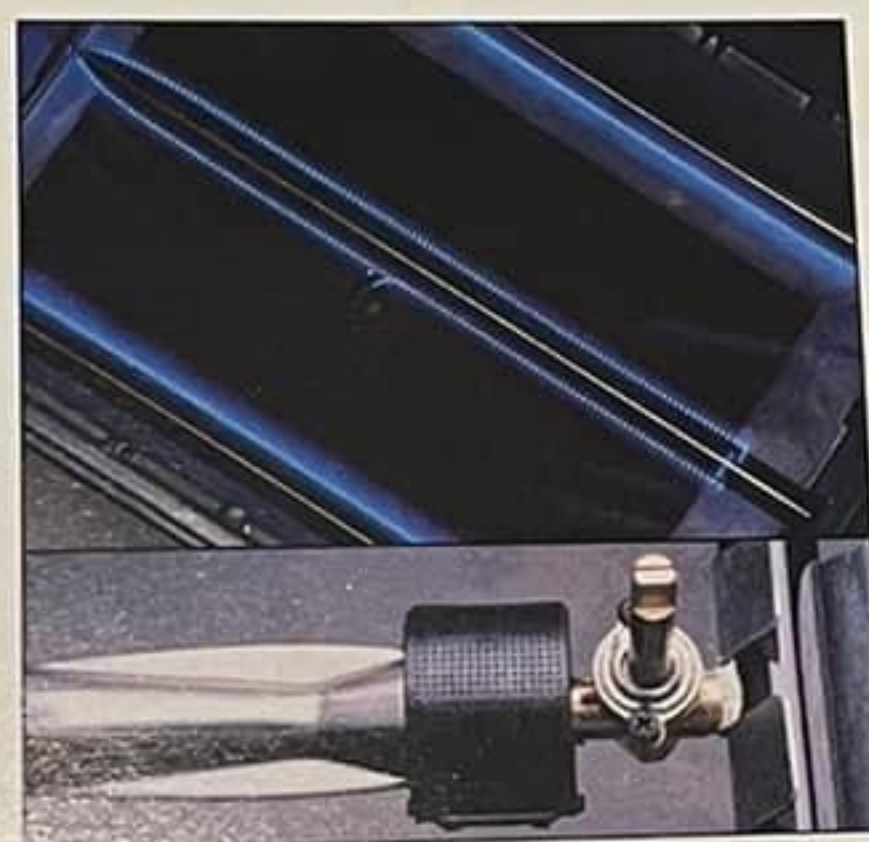

INDIRECT COOKING

For roasting larger items like ham, roast or turkey, light only the outside burners. Position meat over a drip pan to collect drippings. Heat reflects off the hood interior to create convection cooking for juicier foods.

AN ACCURATE GAS GAUGE

L.P. gas models include an accurate scale (patented) that measures the amount of gas in the tank, not by pressure, but by the hanging weight of the tank—so you need never run out of cooking gas again.

STAINLESS STEEL BURNERS

Stainless steel burners give you the ultimate in preheating. The Weber Genesis® Junior stainless steel burners, with the Weber Spider Stopper™ (pending) to keep gas lines clear, are enhanced ignition with the Weber Catcher™ Igniter.

EASY CLEAN-UP

To avoid flare-ups, there is a funnel-shaped bottom tray, to draw grease away from the burners and into a porcelainized catch pan that can be lined with a disposable aluminum liner.

Both trays are removable for easy cleaning, making Genesis Gas Barbecues the easiest barbecues to maintain.

GENESIS® JUNIOR GAS BARBECUE

For people who want Genesis features but are short on space, the Genesis Junior Gas Barbecue provides the answer. The perfect size for a small patio or apartment balcony, it offers all the standard Genesis features, as well as some of the extra features found on the Genesis 2 and 3 Gas Barbecues. Your choice of red, black or chocolate hood colors. Available in L.P. gas models with hanging weight gauge and 20-lb. tank, or natural gas models with a 12-foot hose and convenient quick-disconnect.

- ☐ 22,000 BTU heat output
- ☐ 400 square inches of total cooking area (310 square inches of primary cooking area, plus 90 inches of warming rack space)
- ☐ Two long-lasting stainless steel burners
- ☐ Crossover® Ignition System and dual flame controls for direct and indirect cooking
- ☐ Dual-Purpose Thermometer (patent pending) measures either cooking chamber temperature or doneness of food
- ☐ Weather-resistant wood swing-up work table and bottom storage area

COMPLETE CONTROL OVER COOKING

With a touch, our patented Crossover® Ignition System instantly lights the burners. Then, adjust the flame to the proper temperature with the control knobs. The Flame Check™ Safety System shuts off the gas automatically if the flame goes out. The control panel is sealed in porcelain that won't scratch, rust or stain. A handy meat doneness chart is permanently fired onto the control panel.

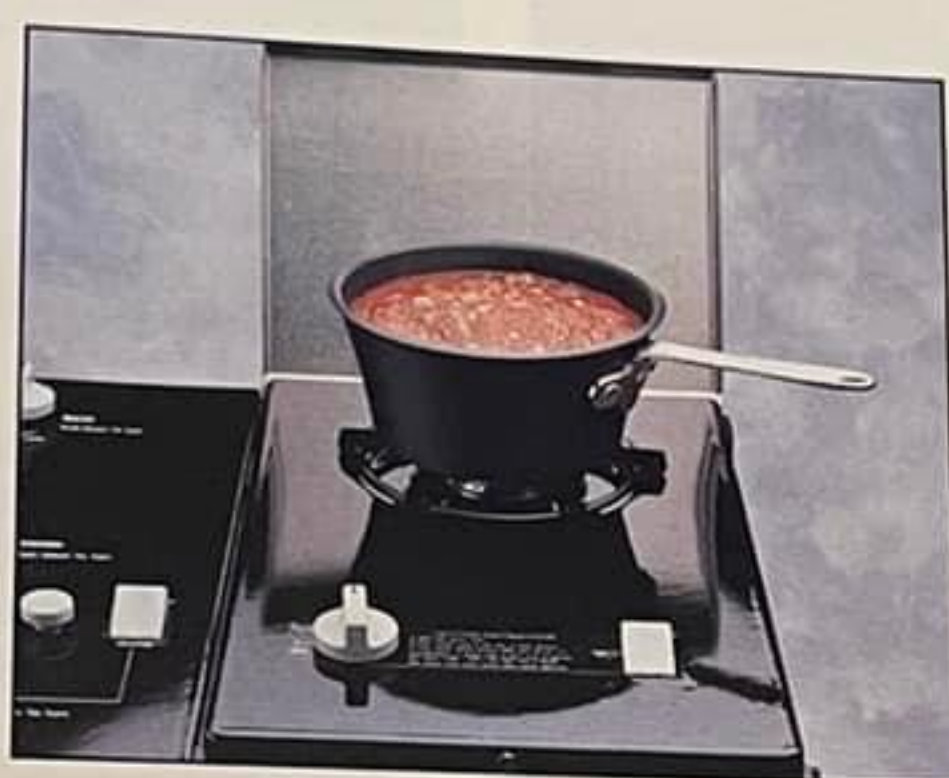

QUICK DISCONNECT

Another way to disconnect your grill from the house. No tools needed. Underwriters Laboratory listed and certified by both the American and Canadian Gas Associations. Standard on Genesis 4 and 5 Gas Barbecues.

A GRILL AND A SMOKER

With the unique Steam-N-Chips™ Smoker (patent pending) it's easy to add American Smokehouse flavor to any gas-barbecued food. Just add wood chips or chunks and water to the porcelain enamel smoker nestled on the Flavorizer® Bars. It's standard on Genesis® 4 and 5 Gas Barbecues, optional for Genesis 1, 2 or 3 Gas Barbecues.

SIDE BURNER

A side burner is a great help when it comes to preparing side dishes, sauces, coffee, etc. without having to run in and out of the house. Ours has 8,000 BTU's, porcelain-on-steel surface with stainless steel cover and its own separate control. It's a Weber innovation. (Standard on Genesis 3 and 5 Gas Barbecues; available as an option on Genesis 2 and 4 Gas Barbecues.)

WOOD WORK SURFACES

All Genesis Gas Barbecues have at least one workspace made of sturdy weather-resistant wood which can be removed and used as a serving tray. Some models have additional work surfaces or swing-up tables, and all include a weather-resistant wood hood handle which remains cool while cooking.

WEBER WARM-UP™ BASKET

Expand your grill cooking area with this heavy, bright nickel-plated steel Warm-Up Basket. Perfect for bread, rolls and vegetables. Removable. Standard on Genesis 4 and 5 Gas Barbecues, available as an accessory for Genesis 1, 2 and 3 Gas Barbecues.

Weber announces the permanent edition.

GENESIS® PERMA-MOUNT™ GAS BARBECUE

A number of consumers would like a grill that is permanently installed. For these customers, Weber introduces the new Genesis Perma-Mount Gas Barbecue. The state-of-the-art, stationary gas grill.

- ☐ 36,000 BTU heat output from main cooking chamber
- ☐ 8,000 BTU output from range-style side burner with separate ignitor and control
- ☐ Two warming areas, including one Weber Warm-Up™ Basket in the lid and a Warming Rack. 420 square inches of primary cooking area plus 215 square inches of warming area for a total of 635 square inches of cooking surfaces
- ☐ Enclosed storage area below grill with tempered glass doors, ideal for protecting accessories from the elements
- ☐ Steam-N-Chips™ Smoker for true smokehouse flavor
- ☐ Dual-Purpose Thermometer reads either temperature of cooking chamber or doneness of the food
- ☐ Two grey-stained weather-resistant wood swing-up work tables, one removable grey-stained weather-resistant wood work surface plus one removable porcelain serving tray
- ☐ Weber Flame Check™ Safety System

#593401 Burgundy #596401 Grey

The new Genesis Perma-Mount Gas Barbecue is the solution to a number of tough installation problems. It can be bolted to a wood patio or deck for security. Simply bolt the easy-to-assemble, heavy-gauge steel base to the patio or deck, then bolt the solid Genesis frame to the base.

Simple to install on most surfaces, the Genesis Perma-Mount Gas Barbecue can turn almost any patio or deck into an outdoor entertainment area. Durable stainless steel gas supply line and fittings are concealed from sight below the handy tempered-glass storage area.

Each unit is packed with an installation guide showing how to install the Perma-Mount Gas Barbecue, including installation over an older post mount unit. It also gives tips for building the Perma-Mount Gas Barbecue into brick, stone or wood enclosures.

Satisfy your customers who have special needs with the new Genesis Perma-Mount Gas Barbecue. It's the ultimate in Weber durability, design and quality.

Weber adds a touch of elegance to the great outdoors.

A GLEAMING LIGHT IN THE NIGHT

The Weber® Torch eliminates the most common problem of kerosene torches. A special snuffer cap protects both the wick and the fuel supply from rain, and it's secured with a chain, so it won't get lost.

The support posts are made of sturdy, one inch diameter steel. And a unique heavy-duty ground anchor keeps the torch stable in any soil.

The Weber Torch is made of heavy-gauge steel built to last through years of backyard use. And since it holds over a gallon of fuel, you refill it only once or twice a season. Jet Black. #2910

AN OUTDOOR FIREPLACE FOR ANY YARD

Similar to the custom-made firepits seen in West Coast yards, the Weber® FirePlace (Patent D293,191) becomes a focus of outdoor entertaining. The 29½ inch diameter FirePlace holds plenty of wood and the cone-shaped top deflects the heat out to the surrounding area.

The heavy-gauge steel construction with rust-resistant porcelain enamel finish is backed by our five-year limited warranty.

The Weber FirePlace is perfect for year-round selling. Comprehensive support, including full-color packaging and free point-of-sale tent card, both shown, assures sell-through. Jet Black. #2710

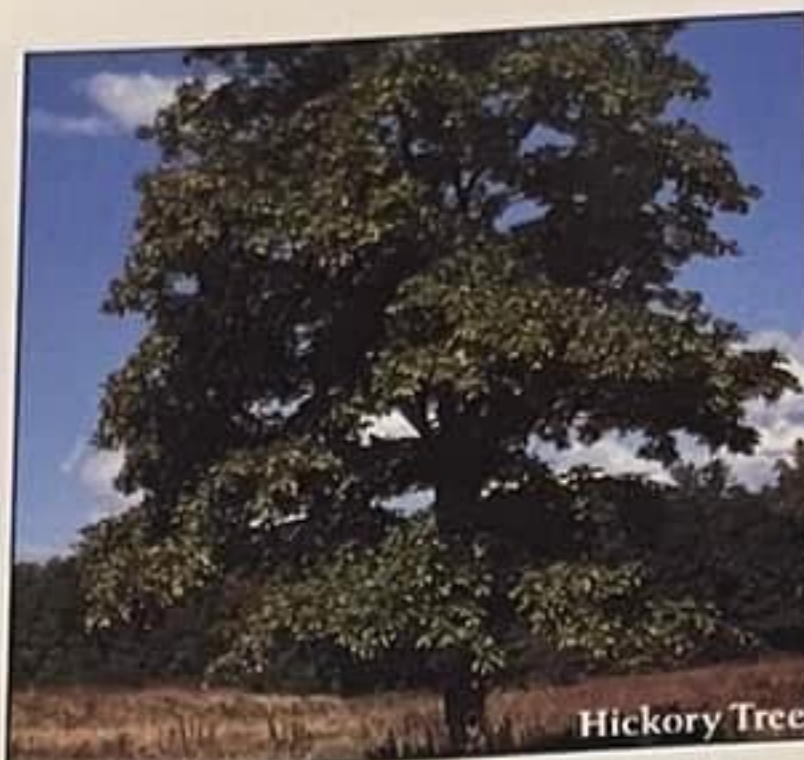

Where there's smoke, there's fire.

FIRESPICE® COOKING WOODS

People love the taste of food cooked with mesquite and hickory—and the wood cooking trend continues to grow. No one recognizes this more or supplies finer-quality, kiln-dried hardwoods than Weber.

Furthermore, as the biggest name in backyard barbecuing, we've not only included these products in our new full-color packaging program, we'll be the only one advertising them nationally.

Hickory Tree

ONLY THE FINEST WOOD

To assure you of unsurpassed quality, Weber selects only living, green wood—not wood that's been treated with chemicals and left to die. We pick the finest raw hardwoods from all over the country.

SMOKING CHART

	Beef	Burgers	Pork	Lamb	Poultry	Fish
Mesquite	✓	✓		✓	✓	✓

A GRILL AND A SMOKER

With the unique Genesis® Steam-N-Chips™ Smoker (patent pending) it's easy to add American Smokehouse flavor to any gas-barbecued food. Just add chips and water to the porcelain enamel smoker nestled on the Flavorizer® Bars.

CHIPS FOR QUICK ZEST

FireSpice wood chips can be used in the Steam-N-Chips Smoker to give good, true, woodsmoke flavor. Chips can also be soaked and sprinkled over a charcoal fire for rich, hickory or mesquite flavor.

CHUNKS FOR MORE FLAVOR

A FireSpice chunk fire lights easily and burns hotter and drier than charcoal. It's ideal for quick searing and roasting to give meats a rich woodsmoke flavor and aroma. For a deeper smoked flavor, soak a few chunks and add them to a wood fire.

BITS FOR SUBTLE TASTE

FireSpice bits are suitable for all gas barbecues. For Genesis Gas Barbecues, put the bits in a drip pan and place directly on the Flavorizer Bars. For other gas grills, sprinkle the bits on lava rock.

FLAMGO™ FIRE STARTERS

Here it is—the best thing since the match. Flamgo Fire Starters not only replace fluid starters, they are the safest, easiest, most effective way to light a fire. Introductory advertising will support this revolutionary new product available only from Weber. And stunning new four-color packaging will have it disappearing from your shelves in no time.

EASY TO USE—LIGHT EVEN WHEN WET

Hold a match to a Flamgo cube and it lights as easily as a birthday candle. And it burns steadily at 1300°F (700°C) for about thirteen minutes when lit. In fact, Weber® Flamgo Fire Starters are so reliable you can even light them when they're wet.

GREAT FOR FIREPLACES

Put a couple of cubes beneath a stack of logs, light them and you'll have a strong fire going in no time. They're more efficient and tidier than kindling. New, full-color fireplace packaging available for winter sales.

STORE ANYWHERE AND TAKE ANYWHERE

Since they aren't explosive and don't smell like lighter fluid, Flamgo Fire Starters are safer to carry or store indoors. And because they're compact, they're ideal for backpacking, camping or picnics.

SAFER—NON-TOXIC

Flamgo Fire Starters are perfect for charcoal. They light steadily and safely—unlike lighter fluid, which can flare up with explosive force. They're odorless, smokeless, and don't leave a chemical taste on food. And they're non-toxic. Place cubes on charcoal grill, light, then add charcoal.

Packaged 20 cubes per tray, 12 trays per carton.

Standard equipment for the Weber Barbecue owner.

TOOLS AND ACCESSORIES

Nothing disappoints a Weber Barbecue owner more than not being able to find genuine Weber® tools and accessories. We know. We've talked to them. Research proves that most Weber grill owners will pay a premium price for these products.

Our entire streamlined assortment is practical as well as profitable. Packages are color-coded for convenience. And now, they'll have even more impact in your store, because we'll make end-aisle displays available as part of our award-winning new packaging program.

CONTEMPORARY TOOL SERIES
In the style of today's Eurodesign kitchens—these patented striking tools in black anodized aluminum and stainless steel make a contemporary statement, and offer your customers traditional Weber quality as well.

Set with turner, tongs and fork

Gift Pack
#16195

CHEF'S TOOL SERIES

People buy Weber Grills because they are built not for price, but for durability. The same is true of our finest line of tools. The heavy-gauge stainless steel is set in a light hardwood handle for a feel of both quality and comfort. A premium price point for the uncompromising customer.

New Weber® Grill Works™

**WEBER® GRILL WORKS™
ACCESSORY HOLDS RIBS . . .**
This new multi-purpose Weber Grill Works Barbecue Accessory has a porcelain-enameled steel base and extra-heavy, bright nickel-plated steel accessory pieces. It can be changed from a rib rack . . .

ROASTS . . .
...to a roast holder that can hold a large drip pan for roasting and easy transport . . .

AND SHISH KABOBS
...to a shish kabob attachment. Attachments snap in and out and are dishwasher safe for easy clean-up. #9000

WEBERGRABBERS® TONGS
Long-lasting, stainless steel tongs turn food without piercing. Rich hardwood handles provide a safe, sure grip for moving briquettes. #1983

CORN 'N' POTATOES
They sit close together to save space and cook evenly. Heavy, bright nickel-plated steel. Four pack. (Patented)

Great for ribs, thicker cuts of meat. Heavy, bright nickel-plated steel. Fits 18 1/2" and 20" Weber grills.

SHISH KABOBS
Shish kabob attachment.
Snap in and out and are dish-
easy clean-up. #9000

CORN 'N TATER™ HOLDERS
They sit directly on cooking grill to
save space and speed up vegetable cook-
ing. Heavy, bright nickel-plated steel. Easy
clean-up. Four two-prong holders per
pack. (Patented) #3802

WEBER® THERMOMETER
Tells you when barbecued foods have
reached perfection. Instant-read design
gives accurate internal food temperatures.
#585

DRIP PANS
Small heavy-gauge aluminum pans
line Genesis® Gas Barbecue grease catch
pan. Large pans are perfect for indirect
cooking on a Weber kettle or cooking
vegetables and other foods. Ten pans per
pack.
#3300 Small #3301 Large

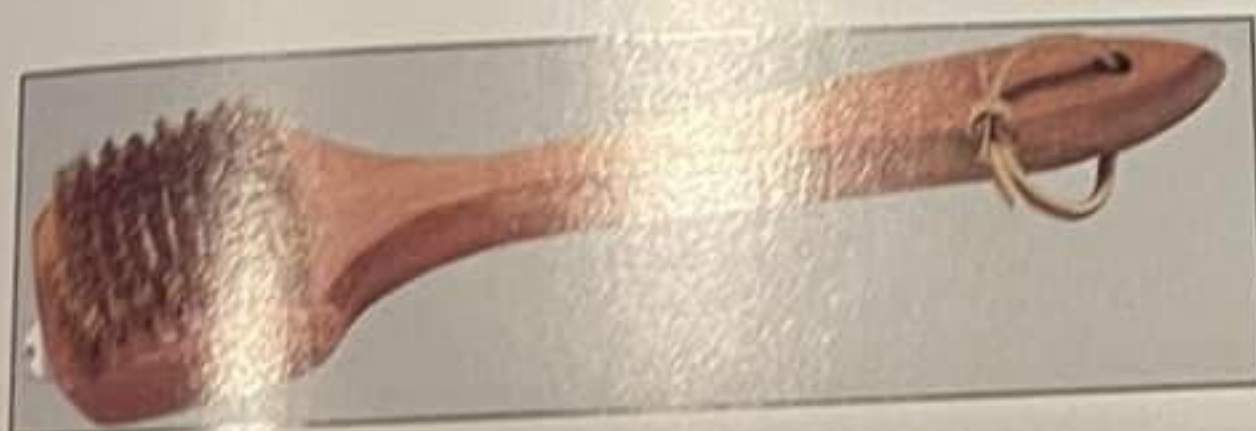

RIB RACK
Great for cooking large quantities of
ribs, chicken, and extra-thick chops.
Heavy, bright nickel-plated steel rack.
Fits all 18½ inch diameter kettles or 17 inch
and all Genesis® Gas Barbecues. #3600

ROAST HOLDER
Cook and carry a roast to the carving
board with one accessory. This heavy,
bright nickel-plated steel accessory fits
18½ inch diameter kettles and larger, and
all Genesis Gas Barbecues. #9501

SHISH KABOB SET
Six stainless steel skewers on heavy,
bright nickel-plated steel racks make turn-
ing a snap. Fits 18½ inch and larger kettles
and all Genesis Gas Barbecues. #2501

GRILL BRUSH
Add this practical item to any of the utensil series to
round out your line. The Grill Brush has a hardwood handle
and brass bristles that don't rust or leave rusty residue on the
cooking grill, plus a scraper that aids in removing stubborn
grill residue.

12 inch Grill Brush #1644
18 inch Jumbo Grill Brush #1646

Charcoal Accessories

GRILL & TOOL HOLDER
Nickel-plated clip-on holder keeps tools within easy reach. Fits 18½ inch and 22½ inch diameter kettles. #1201

CHARCOAL RAILS
Attach to bottom charcoal grill for indirect cooking. Fits all 18½ inch diameter kettles and larger. #3901

CONDIMENT HOLDER
Heavy, bright nickel-plated steel rack keeps salt, pepper, sauce and spices at hand. Fits all 22½ inch Weber® charcoal kettles. #21301

WEBER® DELUXE COVERS

Protect your Weber grill with a touch of class. Heavy, black vinyl is flannel-lined with custom-stitching—resists cracking even in the coldest weather. All covers have the Weber logo in white.

#7201 for 2880 Smokey Mountain Cooker™ Series

#7301 for 18½" diameter kettles

#7701 for 22½" diameter kettles

HOLDER
Nickel-plated steel rack
and spices at
Weber® charcoal

**WEBER® SIDEKICK®
