

A little Weber Grill goes a long way.

Go-Anywhere® Grills

Why are our Go-Anywhere Grills the best sellers? It's not because they're the most affordable Weber grills, but because they appeal to so many people.

Sure, the Smokey Joe® Grill fits a limited budget, but it's also favored as a second grill for picnics and tailgate parties.

Urban dwellers choose the Smokey
Joe Tuck-N-Carry™ Grill to meet their
demand for quality and space and their
desire for a grill to take camping or to the
beach. And this year we're introducing the
Outrider™ Grill, with all the features and
portability of the Tuck-N-Carry Grill, in a
new, larger size.

Across America you'll see outdoor enthusiasts using our Go-Anywhere charcoal and gas grills, because they're the best in their class.

There's a Weber Go-Anywhere Grill for every occasion, every lifestyle. Let us help you tailor your Weber Go-Anywhere lineup to meet the demands of your most important customers.

SMOKEY JOE® TUCK-N-CARRY™ GRILL

The premium version of the classic Smokey Joe Grill. This feature-enhanced grill comes with a lid lock (patent #4,836,179) which holds the top on while carrying, and lowers to serve as a convenient lid holder and wind shield.

Lid and bowl are made of heavy-gauge steel sealed with porcelain to prevent rust, fading and burning. The grill is backed by a 5-year limited warranty. 14½ inch diameter, 16¾ inches high. 150 square inches of cooking area.

#40001 Jet Black.

THE NEW OUTRIDER™ GRILL

Now you can offer the same portability, features and quality of our original Smokey Joe Tuck-N-Carry Grill in a new, larger size. Perfect for camping, tailgating or cooking at the beach. 18½ inch diameter, 18¼ inches high. 269 square inches of cooking area. 5-year limited warranty. #51001 Jet Black.

SMOKEY JOE GRILL

The best-selling Weber grill is durable and rust-resistant. It has removable legs, bowl and lid with porcelain-on-steel finish inside and out, heavy, bright nickel-plated cooking grill, and a 5-year limited warranty. 14½ inch diameter, 18½ inches high. 150 square inches of cooking area. #10001 Jet Black.

PORTABILITY IS TRULY OUTSTANDING

The grill is easy to carry around. The nickel-plated legs pivot up and lock the top on, so you can carry it with one hand on the top handle.

CHARCOAL GO-ANYWHERE® GRILL

A popular charcoal grill for any tight space. Legs fold to lock cover in place for easy carrying and space-saving storage.

Solidly engineered, with no nuts or bolts to rust. Heavy, bright nickel-plated cooking grill with 160 square inches of cooking area and a rust-resistant air damper system. 5-year limited warranty.

#121001 Jet Black.

GAS GO-ANYWHERE GRILL

Featuring the exclusive Weber Flavorizer® System (patent #4,627,408), plus a convenient push-button igniter.

Legs fold up to lock cover in place for easy carrying and storage. Porcelain-on-steel finish inside and out. Heavy, bright nickel-plated, 160 square inches of cooking area.

Uses disposable LP cylinders, or can be adapted to refillable tanks (Hose Adapter #871015). Tank not included. #1530 Jet Black.

AMERICA'S FAVORITE. THE ONE-TOUCH® KETTLE

The "better" in our good-better-best lineup, the One-Touch Kettle is our classic best seller that stays at the top thanks to the patented One-Touch System and our patented ash catcher. The bowl and lid are made of heavy-gauge steel sealed with rust-resistant porcelain enamel, standing on no-rust aluminum legs and rugged wheels crackproof to minus 40 degrees F.

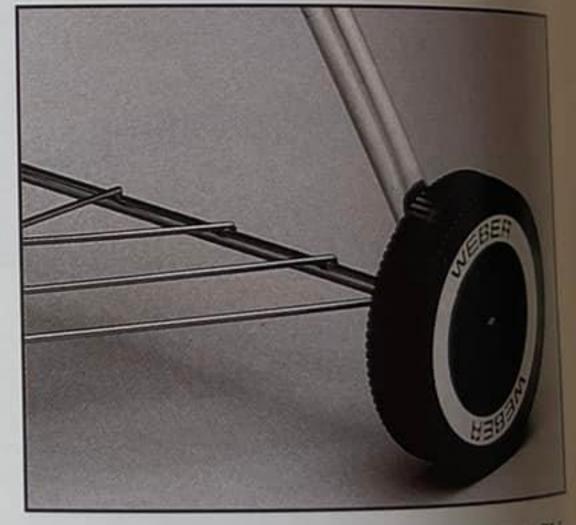

TWO SIZES

The original 22½ inch size offers 397 square inches of grill area, large enough for turkeys, platters of steaks or chicken, or vegetables, while the smaller 18½ inch size offers a spacious 269 square inches of grill area. Both grills come with our free full-color cookbook. Packed in a full-color carton that makes an attractive in-store display.

EXCLUSIVE ONE-TOUCH SYSTEM FOR EASY CLEANING Only Weber offers the One-Touch

Only Weber offers the One-Touch Cleaning System (patent #RE 33,091). Move one lever to adjust all three bottom vents and easily sweep out ashes. The ash catcher (patent #4,576,140) simplifies disposal.

DURABLE WHEELS AND RACK

Rugged wheels (patent #D249,678), crackproof to minus 40 degrees F, stand up to the most extreme temperatures and are built to last. Heavy, bright nickel-plated bottom brace serves as added support.

MASTER-TOUCH™ KETTLE THE TOP-OF-THE-LINE

We've changed the name of our "best" kettle to better reflect the superior features it offers charcoal grilling enthusiasts. Now the ultimate in charcoal grills is called the Master-Touch Kettle.

In addition to the solid construction and features of the Weber One-Touch® Kettle, the Master-Touch Kettle includes a Tuck-Away™ Lid Holder, Dual-Purpose Thermometer, and our Char-Basket™ Fuel Holders (patent #4,777,927), to make charcoal or wood cooking easier than ever before.

The 22½ inch Master-Touch Kettle offers an expansive 397 square inches of cooking area for turkeys, roasts or other large cuts of meat with room to spare for vegetables. Packed in a full-color carton for attractive in-store displays.

TUCK-AWAY LID

The Master-Touch Kettle is the first Weber kettle with a lid that stores away for convenience. Lid also serves as a wind shield when lighting the grill.

CHAR-BASKET FUEL HOLDERS

Rugged coated steel fuel holders allow convenient indirect and concentrated direct cooking flexibility with wood or charcoal.

Jet Black #91001

DUAL-PURPOSE THERMOMETER

Our Dual-Purpose Thermometer allows you to monitor the cooking temperature inside the grill, or use the thermometer as a probe to easily check the doneness of food.

Red #94001

Blue #95001

Chocolate #99001

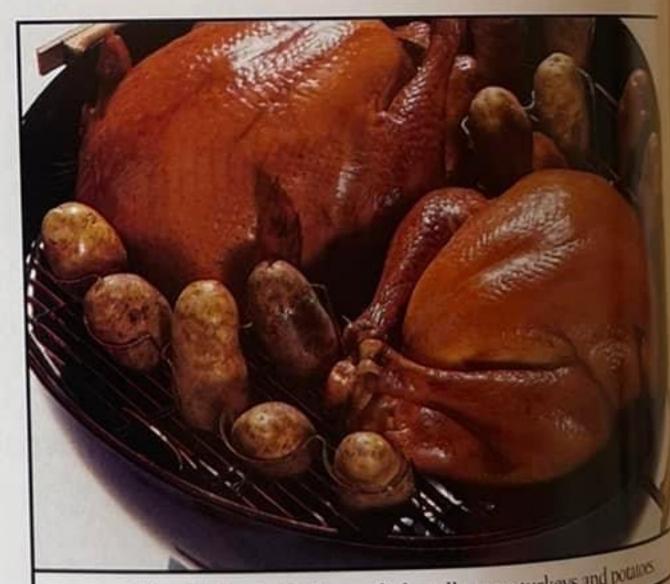

The Ranch'" Kettle. Big enough to cook 19 whole chickens, plus regers

THE RANCH™ KETTLE

With nearly eight square feet - 1104 square inches – of grill area, the Ranch Kettle is a giant sized kettle suited for big groups. It's 37% inches across, 27 inches high, and features the same so construction and direct and indirect cooking and little of all Weber wills. bility of all Weber grills.

#60001 Jet Black.

The 261/4 inch Kettle, easily handles two turkeys and potator

For large families or smaller groups, this kettle is the right size and features the exclusive convenience of our patented One-Touch Cleaning/Venting System, and our patented catcher design for easy ash disposal. 32 inches #81001 Let Block #81001 Jet Black.

The Smokey Mountain Cooker Smoker is packed with a heavy-duty vinyl cover.

SMOKEY MOUNTAIN COOKER™ SMOKER

The Smokey Mountain Cooker Smoker is made of heavy-gauge steel sealed inside and out with rust-resistant black porcelain enamel that won't rust, burn or stain. Two heavy, bright nickel-plated 18½ inch diameter cooking grills provide ample room for smoking a turkey and ham at the same time. There's also a solid wood handle, a porcelain-on-steel water pan, and a rust-resistant aluminum fuel door for added convenience. Packed with a heavy-duty vinyl cover.

Backed by our 5-year limited warranty. The Weber Smokey Mountain Cooker Smoker — the most expensive smoker on the market ... and worth it. 18½ inch diameter.

#2890 Jet Black.

For people who want Genesis Barbecue features, but are short on space, the Genesis Junior Gas Barbecue provides the answer. COMPLETE COOKING CONTROL

With a touch, our patented
Crossover® Ignition System instantly
lights all three burners. Then, adjust the
flame to the proper temperature with the
control knobs. As an extra safety feature,
the FlameCheck™ Safety System shuts off
the gas automatically if the flame goes out.
The control panel is sealed in porcelain
and won't scratch, rust or stain. A handy
meat doneness chart is permanently fired
onto the control panel.

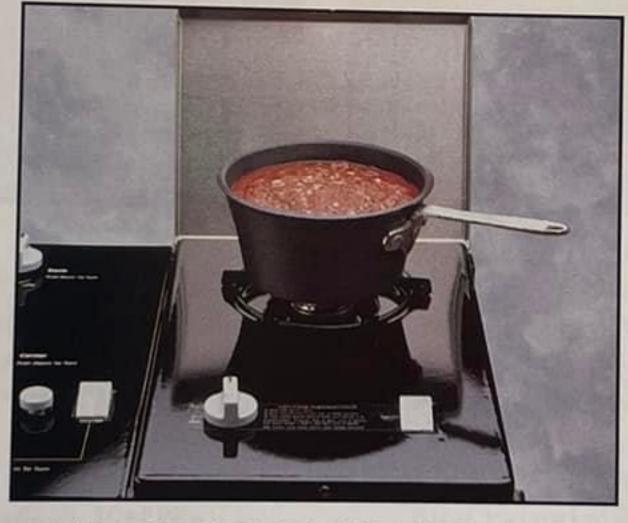

QUICK-DISCONNECT COUPLING

An easier way to disconnect the gas hose from the tank. No tools needed. Underwriter's Laboratory listed and certified by both the American and Canadian Gas Associations. Standard on Genesis 4 and 5 Gas Barbecues.

A GRILL - AND A SMOKER

With the unique Steam-N-Chips™
Smoker (patent pending) it's easy to add smokehouse flavor to foods barbecued on a gas grill. Just add wood chips or chunks and water to the porcelain-on-steel smoker. It's standard on the Genesis 4, 5 and Perma-Mount™ Gas Barbecues, and available as an accessory for Genesis 1, 2 or 3 Gas Barbecues.

RANGE-STYLE SIDE BURNER

A side burner is great help when it comes to preparing side dishes, sauces, coffee, etc., without having to run in and out of the house. Ours has 8,000 BTU's, porcelain-on-steel surface with stainless steel cover, and its own separate control. It's a Weber innovation. Side burner is standard on Genesis 3, 5 and Perma-Mount Gas Barbecues; available as an accessory for Genesis 2 and 4 Gas Barbecues.

WOOD WORK SURFACES

All Genesis Gas Barbecues have at least one work space made of sturdy weather-resistant wood, which can be removed and used as a serving tray. Some models have additional work surfaces or swing-up tables, and all include a weather-resistant wood hood handle which remains cool while cooking.

WEBER WARM-UP™ BASKET

Expand your grill cooking area with this heavy, bright nickel-plated steel Warm-Up Basket. Perfect for bread, rolls and vegetables. Removable for easy cleaning. Standard on Genesis 4, 5 and Perma-Mount Gas Barbecues; available as an accessory for Genesis 1, 2 and 3 Gas Barbecues.

Weber announces the Permanent Edition.

GENESIS® PERMA-MOUNT™ GAS BARBECUE

For customers requiring a grill that can be permanently installed, Weber has introduced the Genesis Perma-Mount Gas Barbecue, our state-of-the-art stationary gas grill. Available in natural gas only.

- ☐ Efficient 36,000 BTU heat output, provides 550° F broiling temperature without wasting fuel
- ☐ 8,000 BTU heat output from range-style side burner with separate igniter and control

- Enclosed storage area below grill with tempered glass doors, ideal for protecting accessories, wood chips, and other barbecuing necessities from the elements
- ☐ Steam-N-Chips™ Smoker for true smokehouse flavor
 ☐ Patented Dual-Purpose Thermometer monitors either temperature of cooking chamber or doneness of food
- ☐ Three long-lasting stainless steel burners
- ☐ Two weather-resistant wood swing-up work tables, a removable wood work surface, plus a removable porcelain
- serving tray

 ☐ Weber FlameCheck™ Safety System

 ☐ Height 45", length 60½", depth 24"

The Genesis Perma-Mount Gas Barbecue is the solution to a number of tough installation problems. Simply bolt the easy-to-assemble, heavy-gauge steel base to a patio or deck, then bolt the solid Genesis frame to the base.

#593401 Burgundy

#596401 Grey

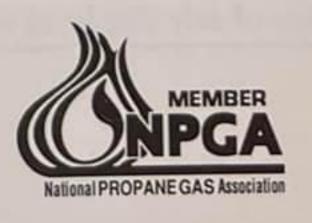

Simple to install on most surfaces, the Genesis® Perma-Mount™ Gas Barbecue can turn any patio or deck into an outdoor entertainment area. Durable stainless steel gas supply line and fittings are concealed from sight below the handy tempered-glass storage area.

Each unit is packed with thorough assembly instructions illustrating how to install the Genesis Perma-Mount Gas Barbecue.

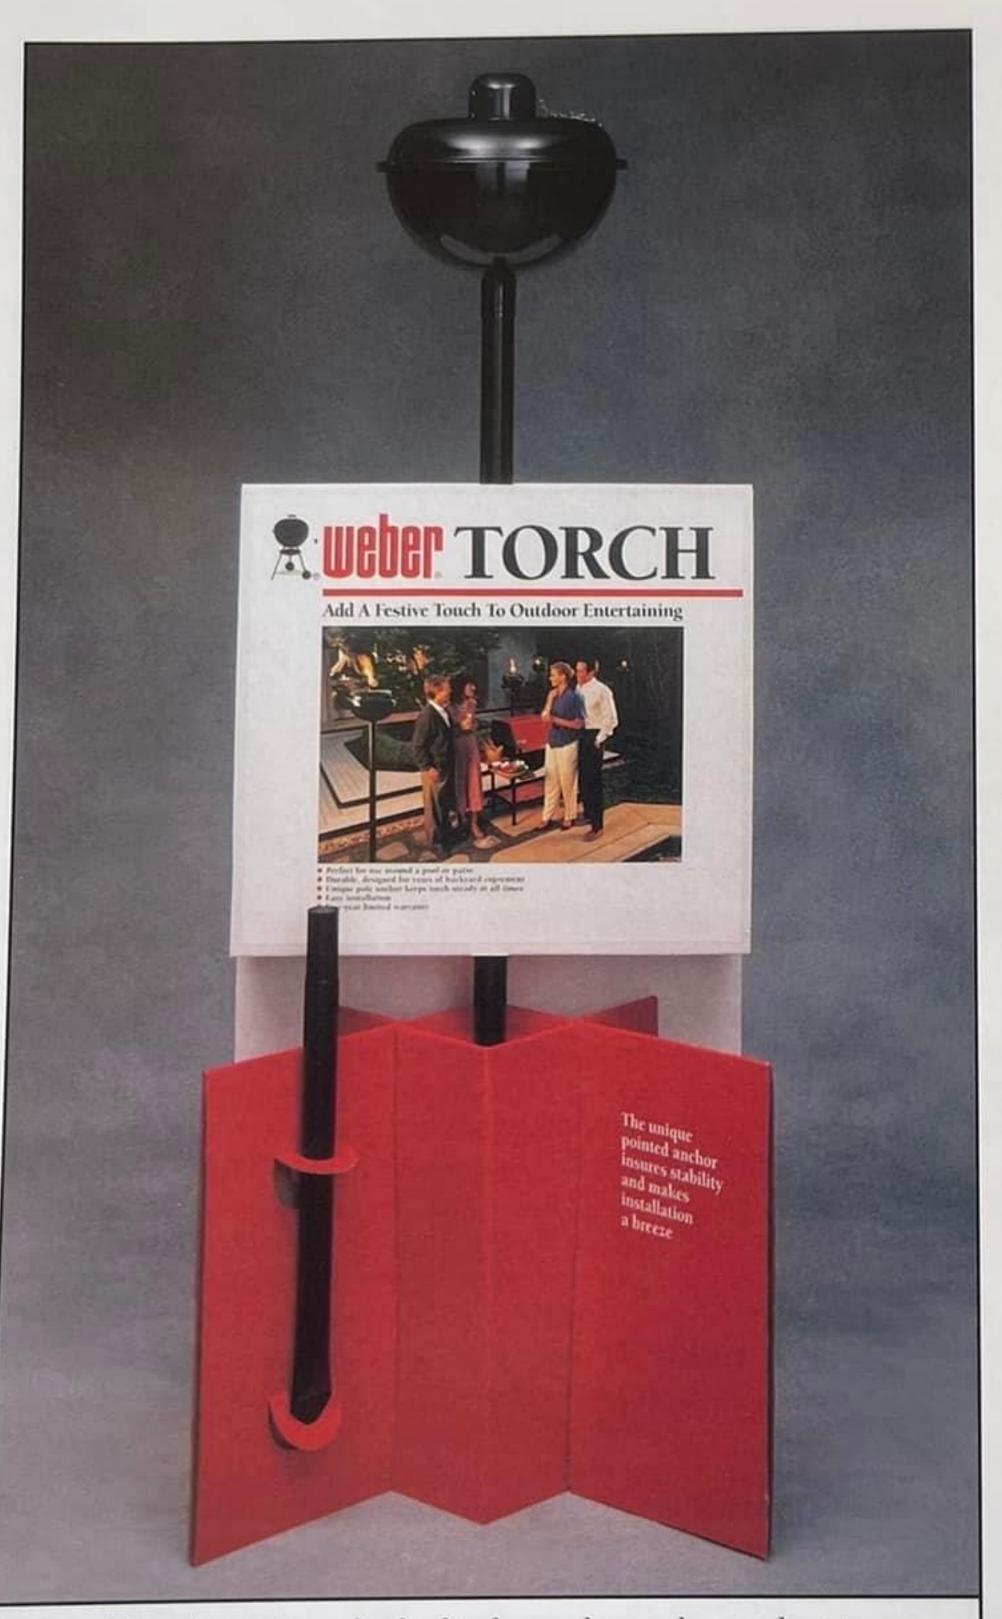

Satisfy your customers who have special needs with the Genesis Perma-Mount Gas Barbecue. It's the ultimate in Weber durability, design and quality.

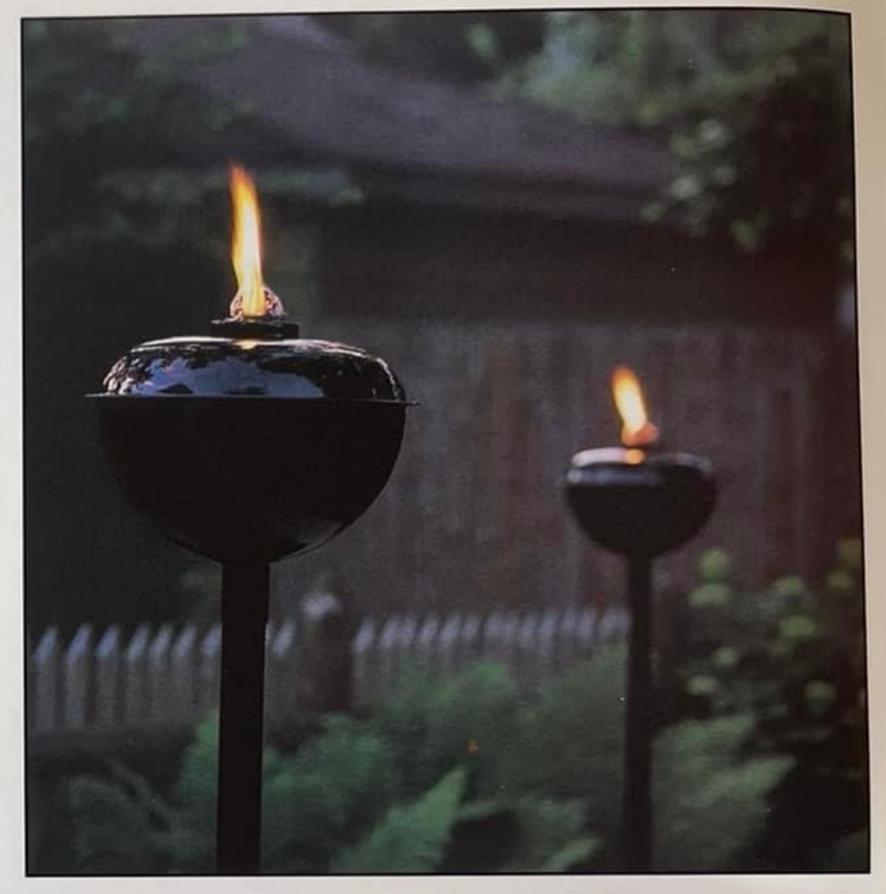

Weber adds a touch of elegance to the great outdoors.

Free full-color point-of-sale displayer shows the product in use.

A GLEAMING LIGHT IN THE NIGHT

The Weber® Torch eliminates the most common problem of kerosene torches. A special snuffer cap protects both the wick and the fuel supply from rain, and it's secured with a chain, so it won't get lost.

The support posts are made of sturdy, one inch diameter steel tubing. And a unique heavy-duty ground anchor keeps the

torch stable in any soil.

The Weber Torch is made of heavy-gauge steel built to last through years of backyard use. And since it holds over a gallon of fuel, you refill it only once or twice a season.

#2910 Jet Black.

#2911 Replacement Torch Wicks for Weber Torch.
One inch diameter. Two to a pack.

Free full-color display card educates consumers and shows the product in use.

OUR IMPROVED OUTDOOR FIREPLACE

Similar to the custom-made firepits seen in West Coast yards, the Weber FirePlace (Patent #D 293,191) becomes a focus of outdoor entertaining. The 29½ inch diameter FirePlace holds plenty of wood, and the cone-shaped top deflects the heat out to the surrounding area.

Our new design is easier to assemble and easier to use. The heavy-gauge steel construction with rust-resistant porcelain enamel finish is backed by our 5-year limited warranty.

The Weber FirePlace is perfect for year-round selling. Comprehensive support, including full-color packaging and free point-of-sale tent card assures sell-through.

#2720 Jet Black.

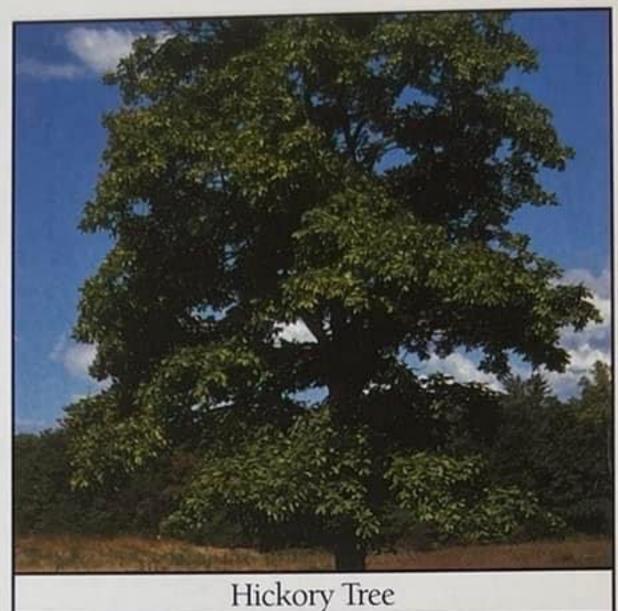

Where there's smoke, there's fire.

FIRESPICE® COOKING WOODS

People love the taste of food cooked with mesquite and hickory, and the woodcooking trend continues to grow. No one recognizes this more, or supplies finerquality, kiln-dried hardwoods, than Weber.

Furthermore, as the biggest name in backyard barbecuing, Weber will be including FireSpice products in our National Advertising program.

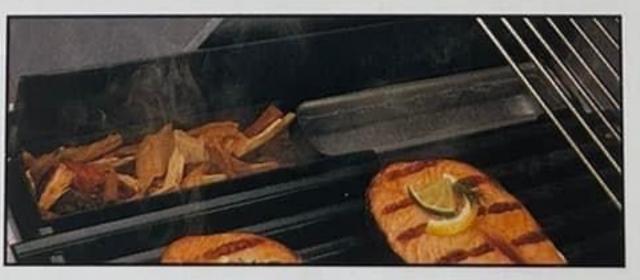

ONLY THE FINEST WOOD

To assure you of unsurpassed quality, Weber selects only the best wood, not wood that's been treated with chemicals. We pick the finest hardwoods from all over the country.

A GRILL AND A SMOKER

With the unique Genesis® Steam-N-Chips™ Smoker (patent pending) it's easy to add smokehouse flavor to foods barbecued on a gas grill. Just add chips and water to the porcelain-on-steel smoker.

CHIPS FOR QUICK ZEST FireSpice Wood Chips can be used in the Steam-N-Chips Smoker to give true woodsmoke flavor. Chips can also be soaked and sprinkled over a charcoal fire for rich hickory or mesquite flavor.

CHUNKS FOR MORE FLAVOR

A FireSpice Wood Chunk fire is ideal for quick searing and roasting to give meats a rich woodsmoke flavor and aroma. For deeper smoked flavor, soak a few chunks and add them to a wood or charcoal fire.

BITS FOR SUBTLE TASTE

FireSpice Bits are suitable for all gas barbecues. For Genesis Gas Barbecues, put bits in a drip pan and place it directly on the Flavorizer Bars. For other gas grills, sprinkle directly on lava rock.

FLAMGO® FIRESTARTERS

Here they are—the best thing since the match. Flamgo FireStarters not only replace fluid starters, they are the safest, easiest, most effective way to light a fire.

National advertising will support this revolutionary product, available only from Weber. And stunning four-color packaging will have it disappearing from your shelves in no time.

EASY TO USE – LIGHTS EVEN WHEN WET

Hold a match to a Flamgo Cube and it lights as easily as a birthday candle. And it burns steadily at 1300° F (700° C) for about 13 minutes when lit. In fact, Weber Flamgo FireStarters are so reliable you can even light them when they're wet.

GREAT FOR FIREPLACES

Put a couple of Flamgo Cubes beneath a stack of logs, light them, and you'll have a strong fire going in no time. They're more efficient and tidier than kindling. Full-color fireplace-oriented packaging available for winter sales.

STORE ANYWHERE AND TAKE ANYWHERE

Since they aren't volatile and don't spill or smell like lighter fluid, Flamgo FireStarters are safe to carry or store indoors. And because they're compact, they're ideal for backpacking, camping or picnics.

SAFER-NONTOXIC

Flamgo FireStarters are perfect for starting charcoal. Place cubes on charcoal grill, light, then pile charcoal around and on top of burning Flamgo Cubes. They light steadily and safely, unlike lighter fluid which can flare-up with explosive force. They're odorless, smokeless, and nontoxic. Packaged 20 cubes per tray providing 5 to 7 starts. 12 trays per master carton.

The Sales Support You Expect And Deserve

POINT-OF-SALE

Full-color point-of-sale materials are available for Gas, Charcoal, and Go-Anywhere® Grills, as well as Flamgo®, FireSpice® Cooking Woods, and other Weber products. They serve as silent salespeople, providing consumers with valuable information that aids their purchase decision.

PRETESTED PACKAGING

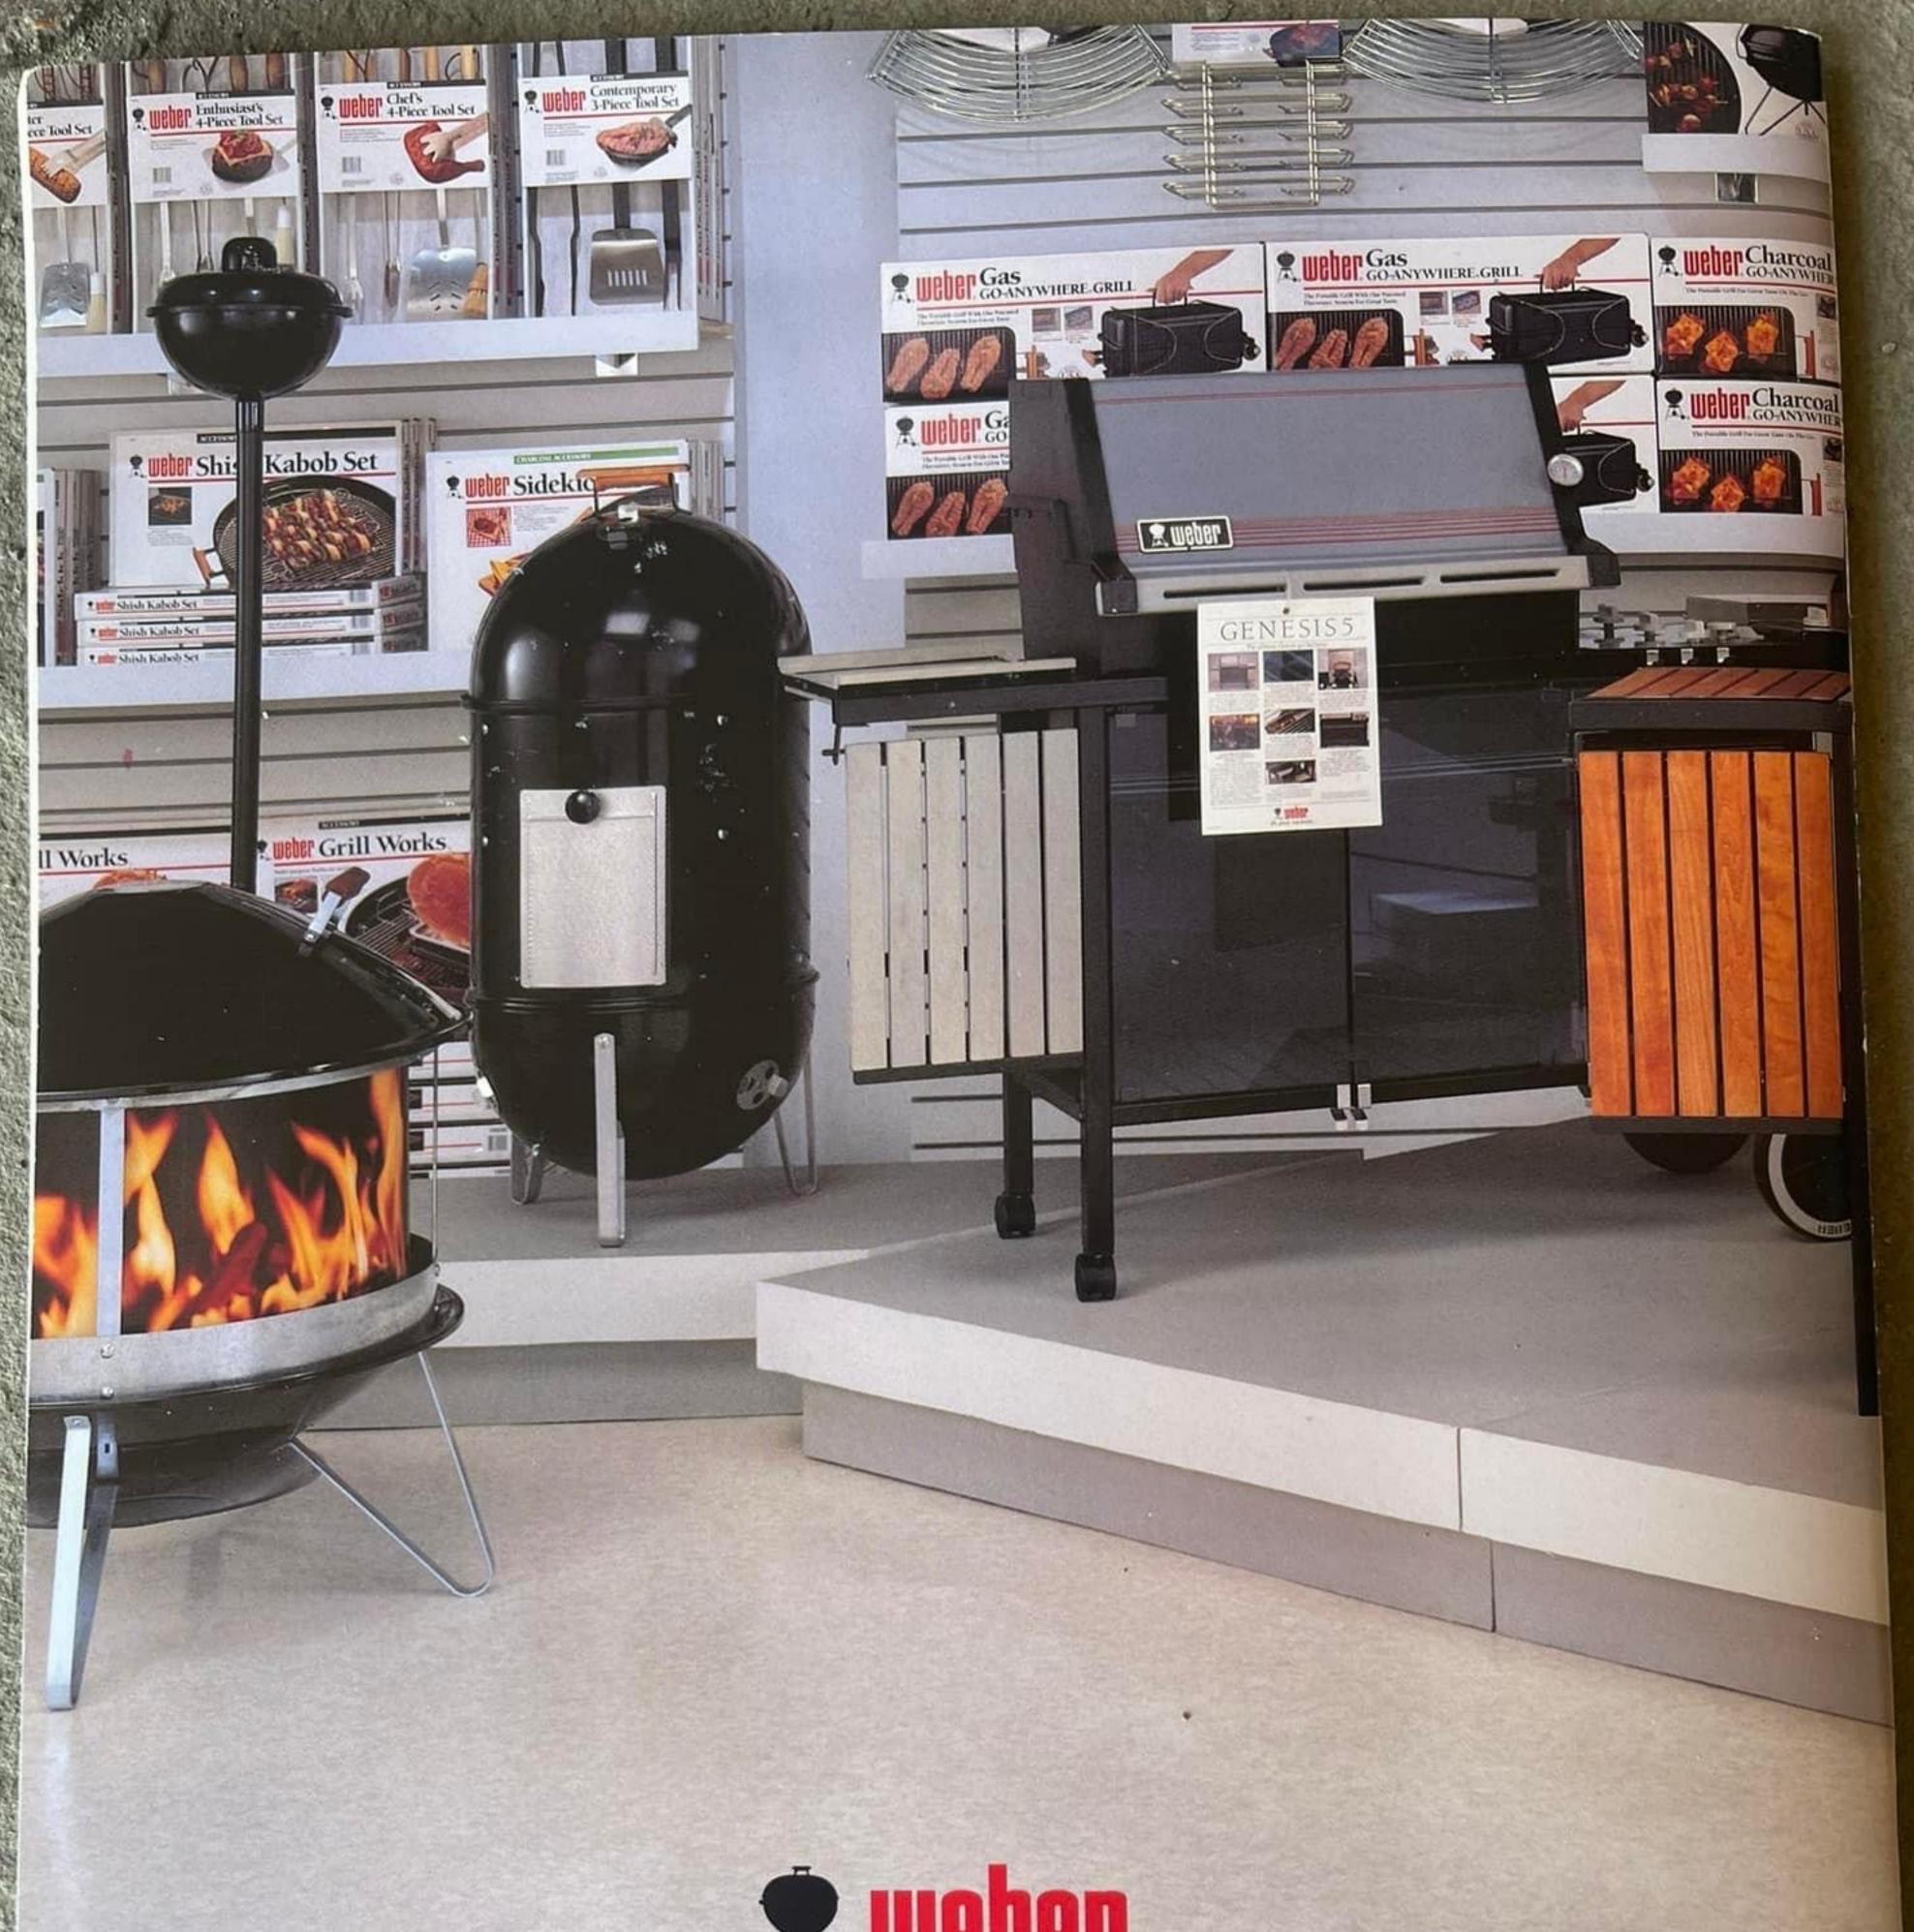

Our major product lines, barbecues and accessories, have been designed and laboratory preshipment tested (including drop tested) under the guidelines of The National Safe Transit Association, so that our products arrive intact.

SERVICE, SERVICE, SERVICE

In our continuing commitment to customer satisfaction and support for Weber dealers, our service system grows stronger over time. We now have over 500 authorized Weber Service Dealers. Timely service and follow-up calls have made opportunities out of problems. Data processing provides access to parts availability and warranty card information. Training manuals and regularly updated service bulletins help our service centers offer consistent, attentive service. We have installed a centralized UPS station to enable us to deliver parts within 24 hours of the request. And we've expanded our Customer Service Center - all to position Weber as an industry leader in quality and service.
