Built to perform and endure, each model is designed to meet the highest standards and to exceed beyond your customers' expectations.

weber®

GO-ANYWHERE® GRILLS

SMOKEY JOE® GRILL

A great value, the Smokey Joe Grill still remains a best-seller. Affordably priced, it's ideal for the budget-conscious consumer. 14½ inch diameter, 17 inches high.
#10001 Black

SMOKEY JOE® TUCK-N-CARRY™ GRILL

The premium version of the classic Smokey Joe Grill. This feature-enhanced grill comes with a lid lock which secures the top in place for carrying, and lowers to serve as a convenient lid holder and wind shield. 14½ inch diameter, 16½ inches high.
#10001 Black

JUMBO JOE™ GRILL

A larger version of the Smokey Joe Tuck-N-Carry Grill, it's perfect for customers who require greater cooking capacity in a portable grill. 18½ inch diameter, 23 inches high.
#51001 Black

GAS GO-ANYWHERE® GRILL

The convenience of gas cooking in a portable grill. Featuring the patented Weber Flavorizer System, with a push-button igniter. Uses disposable 1 lb LP cylinders, or can be adapted to refillable tanks (Hose adapter #871015). Fuel tank not included. 160 square inches of cooking area.
#1530 Black

The patented Flavorizer System distributes heat evenly across the cooking surface, and virtually eliminates flare-ups.

Both grills have nickel-plated legs that pivot to lock the lid in place for carrying the grill securely with one hand.

CHARCOAL GO-ANYWHERE® GRILL

This space-saving charcoal grill, with its compact design is solidly engineered, with no nuts or bolts to rust. 160 square inches of cooking area.
#121001 Black

weber 5-YEAR LIMITED WARRANTY

Go-Anywhere Grills are made in the U.S.A. and backed by a 5-year limited warranty.

Designed to fit an active outdoor lifestyle, all of the Go-Anywhere Grills have a rust resistant porcelain-on-steel finish inside and out, plus a heavy, bright nickel-plated cooking grate.

CHARCOAL KETTLE GRILLS

BAR-B-KETTLE® GRILL

An American icon, the Bar-B-Kettle Grill has the unique, trademarked shape that says it's a Weber Kettle. It's the "good" in our good-better-best lineup.

18 1/2 inch - #21001 22 1/2 inch - #61001
Available in Black Only.

Available In Two Sizes

The smaller 18 1/2 inch size is great for apartment dwellers and small families. The 22 1/2 inch size is large enough for platters of steak, chicken and vegetables.

No-Rust Aluminum Vents And Ash Catcher

Three vents on the bowl and one on the lid provide the proper air flow for perfect grilling. Close all vents to extinguish fire and save charcoal. The ash catcher is easily removed for easy disposal.

Bar-B-Kettle Grills are made in the U.S.A. and backed by a 1-year limited warranty.

ONE-TOUCH® KETTLE

Built with the same solid construction as the Bar-B-Kettle Grill, the One-Touch Kettle offers a few more added features to make it the "better" in our good-better-best lineup. Offering an extended limited warranty and a variety of colors, the One-Touch Kettle is a guaranteed seller!

Hinged Cooking Grate

Flip-up sides on the cooking grate make adding charcoal briquets easier when cooking by the Indirect Method.

Exclusive One-Touch™ System For Easy Cleaning

Only Weber offers the patented One-Touch Cleaning System. Move one lever to open and close all three bottom vents and easily sweep out ashes. The ash catcher simplifies disposal.

Available In Two Sizes

The smaller 18½ inch size is perfect for small balconies or patios. The 22½ inch size offers plenty of cooking area for turkeys and platters of meat.

ONE-TOUCH KETTLE

Size	Black	Red	Blue	Brown
18½ inch	#31001	#34001	#35001	#36001
22½ inch	#71001	#74001	#73001	#72001

weber 5-YEAR LIMITED WARRANTY
One-Touch Kettles are made in the U.S.A. and backed by a 5-year limited warranty.

MASTER-TOUCH® KETTLE

With its superior features, the Master-Touch Kettle is designed for a more serious barbecuer and is the "best" in our good-better-best lineup. Since adding the high-capacity ash catcher and hinged cooking grate, sales for this grill have sky rocketed, so be sure to make it part of your line!

Perfect for family cookouts and parties, this 22½ inch diameter kettle is large enough for turkeys or roasts, with room left for corn on the cob and potatoes.

High-Capacity Ash Catcher

Empty the ashes less often with the high-capacity no-rust ash catcher. One-Touch Cleaning System and ash catcher holding ring are factory assembled.

Char-Basket™ Fuel Holders

Durable coated steel fuel holders make Direct or Indirect Cooking with charcoal or wood easier.

Hinged Cooking Grate

Flip-up sides on the cooking grate make easy addition of briquets while cooking by the indirect method.

Tuck-Away™ Lid

Grilling enthusiasts will appreciate the convenience of this upgrade. The Master-Touch lid rolls conveniently out of the way and also serves as a wind shield when lighting the grill.

Patented Dual-Purpose Thermometer

Our Dual-Purpose Thermometer allows you to monitor the cooking temperature inside the grill, or use the thermometer as a probe to easily check the doneness of food.

MASTER-TOUCH KETTLE

Size	Black	Red	Blue	Brown
22½ inch	#771001	#774001	#775001	#779001

weber 5-YEAR LIMITED WARRANTY

Master-Touch Kettles are made in the U.S.A. and backed by a 5-year limited warranty.

26 1/2 INCH KETTLE

Featuring the patented One-Touch Cleaning System, this kettle is great for large families. The extra large cooking area is big enough to hold the largest turkeys, rib roasts, or several slabs of ribs.

#81001 Black

SMOKEY MOUNTAIN COOKER™ SMOKER

Like all Weber products, this 18 1/2 inch diameter cooker is built to last. It has two cooking grates which provide ample room for smoking a turkey and a ham at the same time. There's also a solid wood handle, a porcelain-on-steel water pan, a rust-resistant aluminum fuel door and it's packed with a premium grade cover.

#2890 Black

weber 5-YEAR LIMITED WARRANTY

These Specialty Grills are made in the U.S.A. and backed by a 5-year limited warranty.

THE RANCH™ KETTLE

Rugged yet easy to use, the Ranch Kettle was designed for caterers and country club chefs, and features the same solid construction of all Weber Grills.

It's 37 1/2 inches across, 42 inches high and includes a Hinged Cooking Grate for easy access to coals, a patented Tuck-Away Lid that slides into its holder for convenient cooking, and a removable ash catcher which lifts out for easy ash disposal. It also includes two weather-resistant thermoplastic handles designed to stay cooler to the touch, and locking casters that allow for easy movement.

PERFORMER® SERIES CHARCOAL BARBECUES

THE WEBER® PERFORMER® GRILL WITH TOUCH-N-GO™ GAS IGNITION SYSTEM

The Weber Performer Grill offers barbecuers the taste of charcoal grilling with the fast starting convenience of a gas grill. Equipped with all of the features of the Master Touch Kettle, it goes a step further with a special gas ignition system to light charcoal briquets with a push of a button. It directs the flame under a pair of Char-Basket Fuel Holders, igniting charcoal briquets in minutes.

This state of the art charcoal grill has set a new performance standard in backyard grilling!

Touch-N-Go™ Gas Ignition System

With the mere push of a button...

the innovative Touch-N-Go Gas Ignition System starts the burners beneath the Char-Basket Fuel Holders. In less than 5 minutes charcoal briquets are ignited. Coals are ashed over and ready for cooking within 25 minutes.

Cooking Convenience

Tuck-Away Lid Holder leaves both hands free for cooking. Thermoplastic handles stay cooler to the touch. Dual-Purpose Thermometer monitors either grill or meat temperature.

and b

THE WEBER® PERFORMER® GRILL

Available without the Touch-N-Go Gas Ignition System, the Performer Grill features the convenience of a stainless steel work area, a bottom storage rack, a stay-cool thermoplastic handle and a high-capacity ash catcher. In place of the igniter panel and LP tank, there's a tray to store matches, Weber FireStarters or other accessories away from the elements.

20 lb CharBin™ Storage Container

Underneath the stainless steel work area is a protected storage container for holding over 20 lbs of charcoal away from moisture.

High-Capacity Ash Catcher

Empty the ashes less often with the high-capacity no-rust aluminum ash catcher. One-Touch Cleaning System and ash catcher holding ring are factory assembled.

Direct Cooking Method

Char-Basket Fuel Holders slide together when cooking by the Direct Method using charcoal or wood chunks. Use this method to produce a perfect broiling temperature for burgers, steaks or chops. Cooking with the lid on circulates heat and prevents flare-ups.

Indirect Cooking Method

Char-Basket Fuel Holders easily slide apart for the Indirect Cooking Method. Just place meat directly over a drip pan centered between Char-Basket Fuel Holders, and cook with the lid on. Air coming through bottom vents will heat and circulate around the meat, simulating a convection oven.

Hinged Cooking Grate

Flip-up sides on the cooking grate allow for easy addition of briquets while cooking by the Indirect Method.

weber 5-YEAR LIMITED WARRANTY

All Performer Grills are made in the U.S.A. and backed by a 5-year limited warranty.

Innovative Packaging

Our bright, feature-focused package designs function as a complete merchandising system on the retail sales floor. The prominent Weber logo instantly communicates quality to your customers. The stunning food photography and feature-benefit story helps our products sell themselves. The strong transit tested inner packaging is designed to assure a damage-free trip from factory to patio.

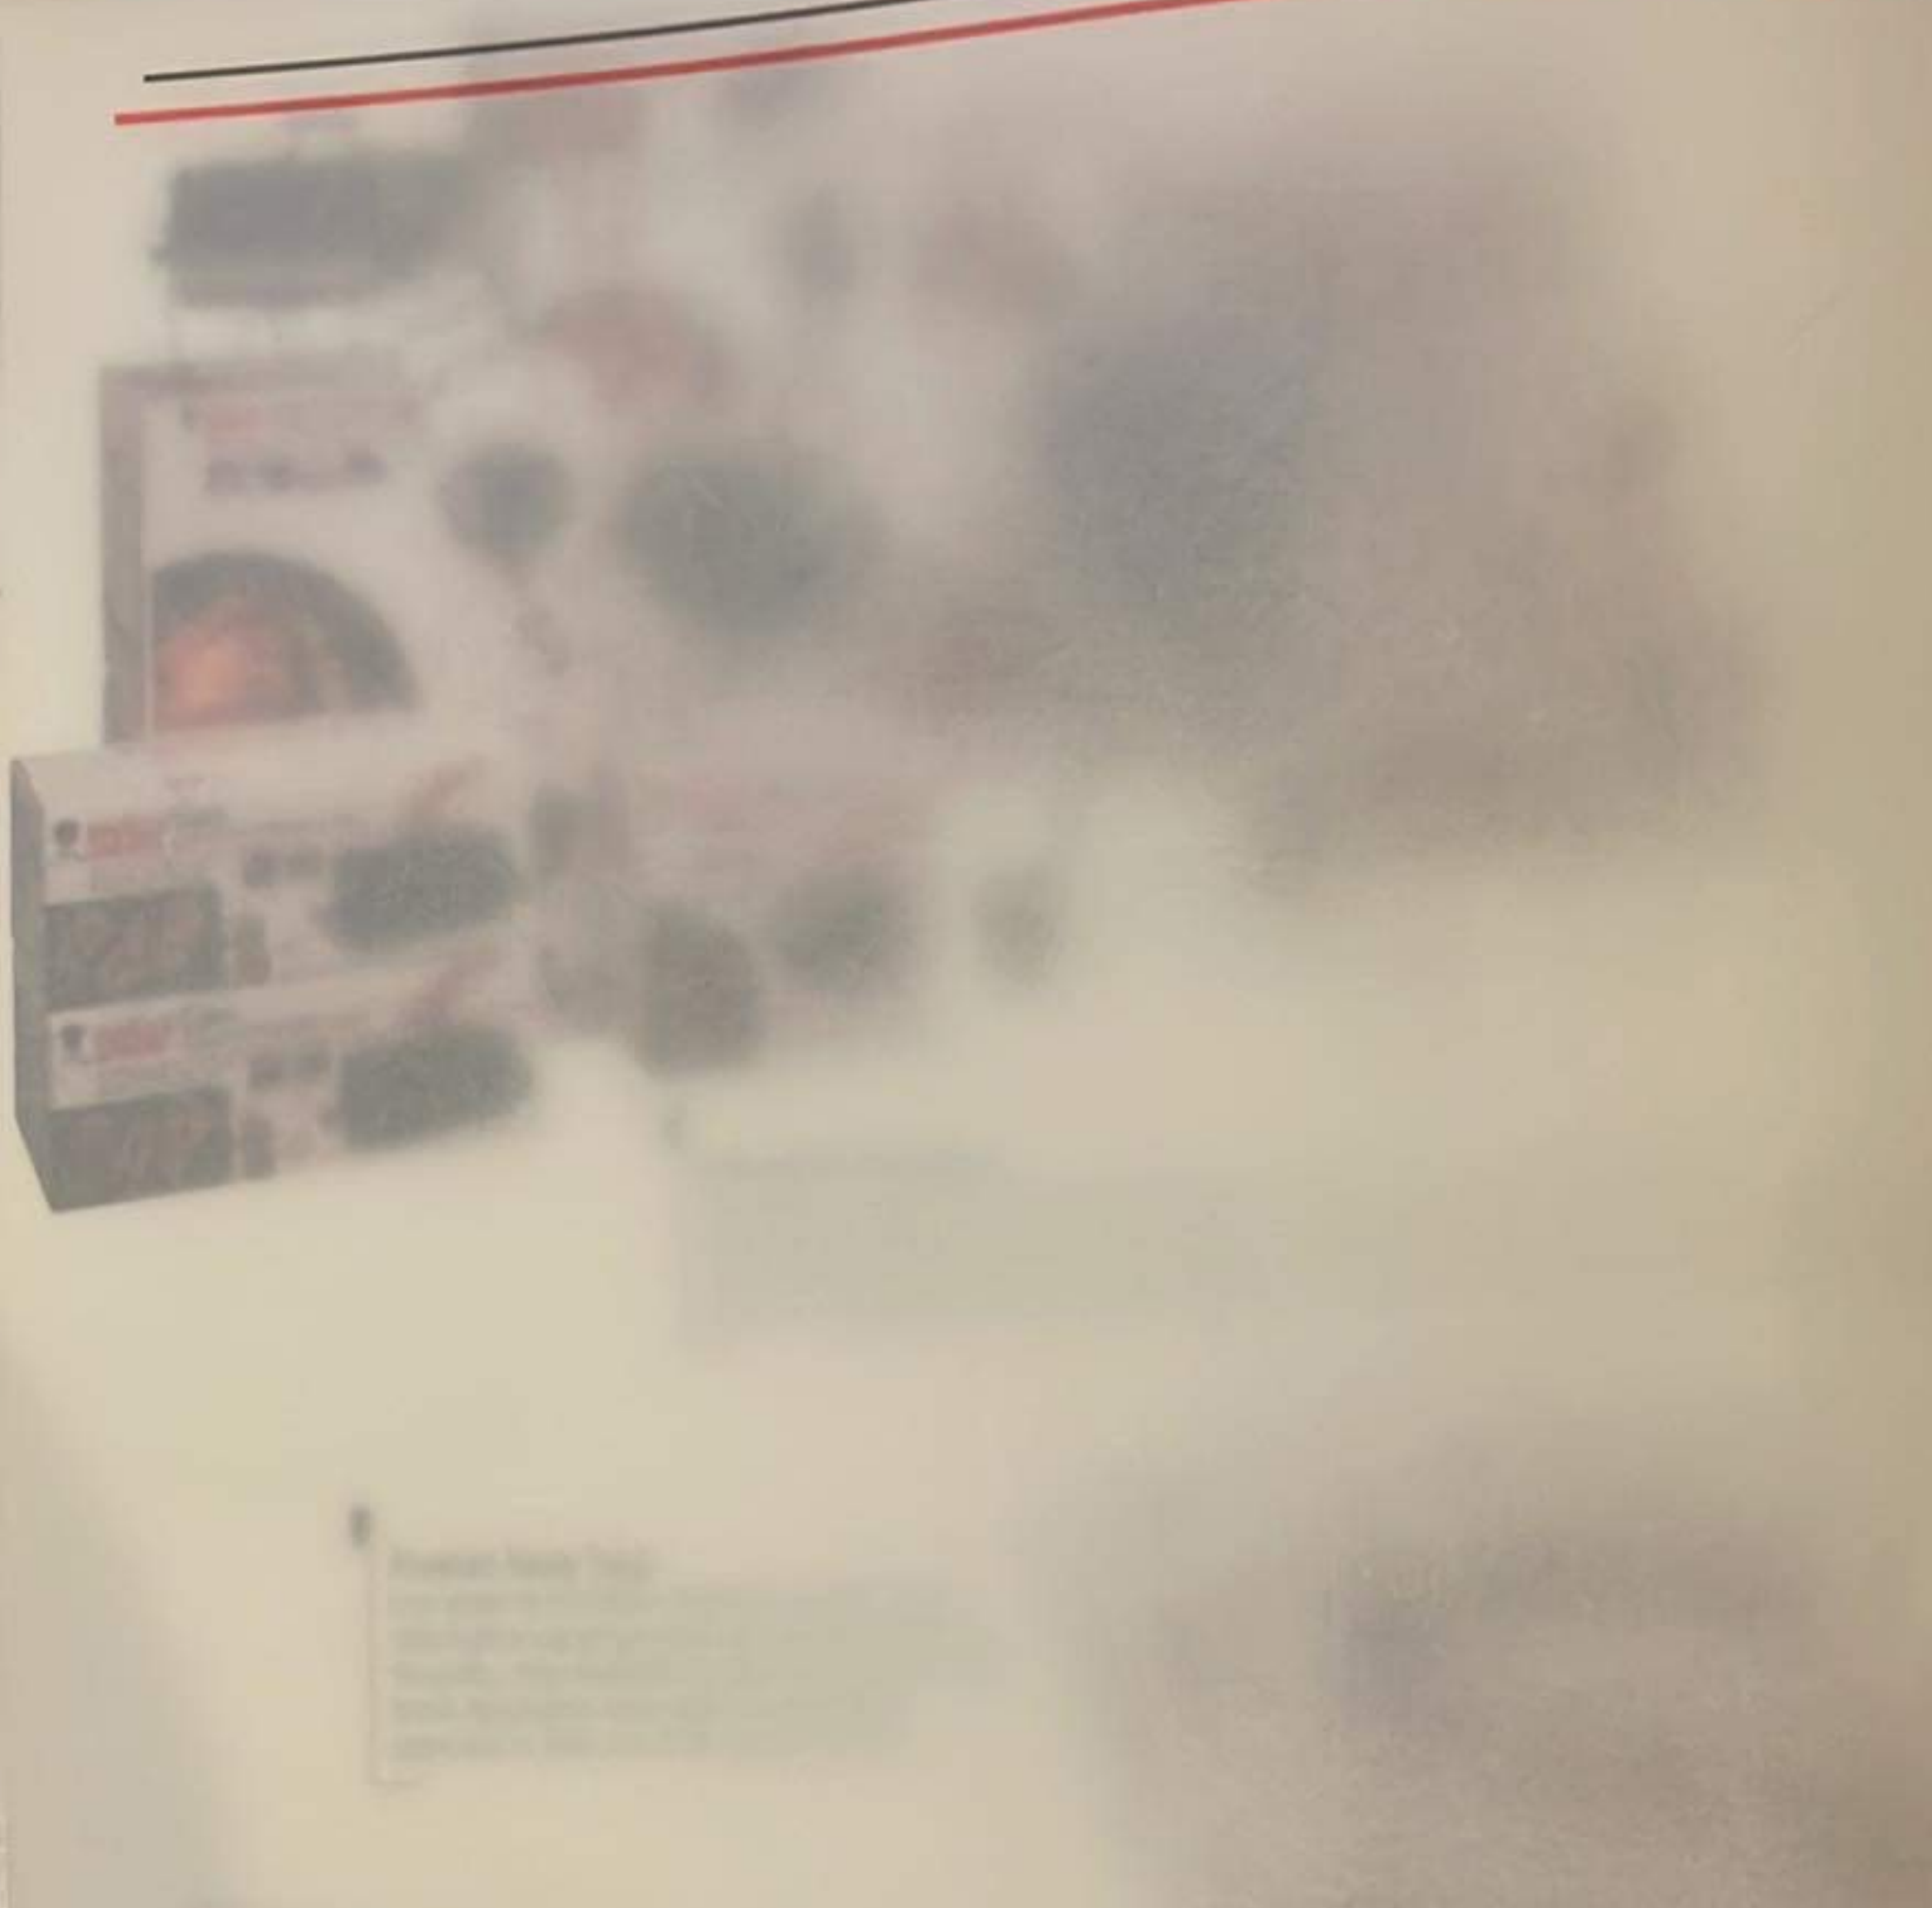

Product Hang Tags

Our point-of-purchase materials include helpful, informative hang tags that can be placed right on the grills. Also available for the Go-Anywhere Grills, these descriptive hang tags are yet another approach to help our grills sell themselves.

Consumer Brochures

Full-color brochures motivate avid consumers and educate ones who may not be as familiar with Weber products. They provide all of the necessary information needed to complete the sale.
